3 Month Forecast Report*

The Destiny and Decisions 3 Month Forecast Report for

*Jennifer Lopez*

July 24, 1970  
Bronx, New York

January 21, 2005 - April 21, 2005

This report is titled the "Destiny and Decisions Forecast" because there is an element of the future that you cannot change; this is your destiny. But you also have choices and options available to you; these are your decisions.

This report predicts where the planets are in the current time period, when they will be forming aspects to your natal planets, what influences these aspects bring, and how long they will last--as far into the future as you wish to look. THIS is truly PREDICTIVE ASTROLOGY!

Our report goes beyond the limitations of most astrological forecast reports in two very important ways: (1) we go into a much more detailed interpretation for the heavier aspects that could have a greater impact on your life, and (2) we include some suggestions for you to consider regarding how you may deal with the influences. This should eliminate the need for further counseling in most cases.

Your forecast begins on the next page. If the time period for an interpretation is, for example, given as "July 1, 1999 (June 15, 1999 to July 15, 1999)", then it starts in mid-June, reaches greatest intensity around July 1, and ends in mid-July. The first date listed is the time when the influence has reached maximum strength.

An influence may last for as little as a week to as long as half a year or so.

To obtain maximum benefit from this report, we recommend a periodic study and review of the information as the time period unfolds--once a week, at least, and more often when there are significant things going on in your life. It is always good to keep a diary or a journal to get a sense of the timing of the transits and a history of how they affected your life.

Following is the data from your natal chart with which the transiting planets form aspects:

*Jan 20, 2005 (Jan 19, 2005 to Jan 21, 2005) Ven Trine Ven*

TRANSITING VENUS TRINE NATAL VENUS--This is a pleasant Venus aspect supporting love, art, money, and domestic relationships. You will be relaxed and let the "good things roll". You are strongly attracted to beauty and the creative arts, but you are not likely to be very ambitious as far as work is concerned. However, inspiration and the good feelings of this transit can prepare you for later productive efforts, so just let it pass.

*Jan 21, 2005 (Jan 20, 2005 to Jan 22, 2005) Sun Oppos Sun*

TRANSITING SUN OPPOSITE NATAL SUN--This transit occurs six months past your last birthday and it indicates a culmination of your life energies. You need to bring your affairs into some kind of order, and you are likely to meet some opposition from others when you do this. The opposition Sun aspect will make you feel like you are fighting against yourself. but it is a time of great strength. It may be difficult to make things work, but keep humbly trying. You may feel like you have failed in many of your activities, and you may have to start over in some. This is not a time to feel defeated, but to take the attitude that some life experiments just didn't work. Insight gained can give you valuable information for fresh starts. You feel the consequences of some life structures during this transit, and you still have the creative power to determine how you will let them affect you. You can always ignore the energies and let them pass, but this period of time provides an opportunity to take action so that your future will be more positive and fulfilling.

*Jan 22, 2005 (Jan 21, 2005 to Jan 24, 2005) Mars Trine Merc*

TRANSITING MARS TRINE NATAL MERCURY--Trine aspects are usually very supportive and this one is no exception. This is a good time for planning, writing, and all types of mental work. It is also excellent for dealings and negotiations with others since you are able to assert your position and make it understood. It is favorable for travel and study, and for the broadening of your base of knowledge.

*Jan 24, 2005 (Jan 23, 2005 to Jan 25, 2005) Sun Oppos Mars*

TRANSITING SUN OPPOSITE NATAL MARS--This indicates a period when many matters come to a climax in your life. It is the moment of truth for many activities you have been working on, and it will become clear whether you have been operating skillfully and intelligently. Your ego energies are aroused and must not be allowed to function on the unconscious level. You need to elevate your sense of awareness and see things realistically. Anything that makes you angry is usually something with which you have identified your ego. With the best of intentions and understandings, you will be confrontational during this transit. If you can avoid impulsiveness, the results of confrontation can sharpen and define your position. If it is not well thought-out and planned, your position could be invalidated. The area of

personal relationships is at greatest risk in this time. You are liable to take them for granted, and not make the effort to create the same quality of awareness that you give to other matters. If you experience negative effects of the transit in the form of arguments and conflicts, look carefully and see what is at stake and try to work out a compromise. You must deal with the hostility and aggression which comes with this transit in such a way that your feelings are truly relieved. Don't suppress them and turn the energies inward, for that could cause self-destructive behavior, accidents, or illness. The beneficial side of this aspect is the motivation it provides toward self-awareness.

*Jan 24, 2005 (Jan 23, 2005 to Jan 25, 2005) Merc Trine Sat*

TRANSITING MERCURY TRINE NATAL SATURN--This is a supportive transit which brings serious thinking and important concerns. You deal with practical matters and keep your mind at work. Professional ethics will be in the limelight during this time. Concentration is good on mental work that requires attention to detail. Your critical faculties are sharp and you can see what needs to be done to make an organization work. It is a good time to organize yourself and your environment, to collect the pieces that make up the whole. You will not be inclined toward fun things, and may prefer to be alone rather than with people.

*Jan 24, 2005 (Jan 24, 2005 to Jan 25, 2005) Merc Sqr Moon*

TRANSITING MERCURY SQUARE NATAL MOON--This transit gets you in touch with your feelings. Your thinking and communications will be influenced from the subconscious, and may not be readily understood by others. Squares bring challenges to be faced and obstacles to be overcome. Psychological patterns from your past may manifest themselves in your behavior. This is a good time to examine your inherited and child-taught attitudes, and to begin to root out prejudices.

*Jan 25, 2005 (Jan 24, 2005 to Jan 26, 2005) Sun Trine Ura*

TRANSITING SUN TRINE NATAL URANUS--The Sun illuminates you and the world around you and this transit encourages self-discovery. There will be an air of excitement and suddenness with a heightened level of understanding about yourself and the world around you. It is a good time to expand your horizons and for the study of any technical discipline, such as astrology, mysticism and psychic phenomena. Very little that affects you is hidden from you during this transit, and you can be very much aware of who you are. You will be energetic and restless, so it is not a good time to relax. Use the energy to expand your life with new experiences and new encounters.

*Jan 25, 2005 (Jan 23, 2005 to Jan 26, 2005) Mars Trine Moon*

Universal Psychic Guild <http://www.PsychicGuild.com>

TRANSITING MARS TRINE NATAL MOON--This transit brings emotional intensity. You will feel everything more strongly and deeply. You will deal with others in a frank and honest manner, but you will be assertive. There could be a strong emotional involvement with a member of opposite sex. It will be difficult for you to be neutral with someone who might come into your life at this time--you could react with either love or hate, with no in-between. You are in a "fighting spirit" in a positive sense with this transit, and will stand up for what you believe in without stepping on the toes of others.

*Jan 26, 2005 (Jan 25, 2005 to Jan 27, 2005) Ven Trine Sat*

TRANSITING VENUS TRINE NATAL SATURN--Trines are supportive and this is a steady, stable transit. You will be satisfied with relationships and will make few demands. You are understanding of others and can share willingly. This same stability of thought applies to business and financial affairs, and you will be realistic about limited resources. It is a good time for taking inventory of material things, and assessing any need for action. Artistic activities could be very successful now.

*Jan 26, 2005 (Jan 25, 2005 to Jan 27, 2005) Ven Sqr Moon*

TRANSITING VENUS SQUARE NATAL MOON--Squares usually bring challenges and/or difficulties to be overcome, but this is not a very difficult Venus transit. It influences strong love feelings for the opposite sex. However, there could be a risk of exaggerated feelings that could result in the smothering of the loved one. This could lead to jealousy. With these risks in mind, this could be a good time to develop ways to exhibit warm, close and protective love attitudes to your partner. Relationships of both men AND women, with women, could be a little strained and difficult during this time. Just remember that square aspects can provide hurdles to be overcome and when properly approached they can help to develop tolerance and patience. Cultivate respect and practice patience.

*Jan 27, 2005 (Jan 26, 2005 to Jan 28, 2005) Merc Trine Plu*

TRANSITING MERCURY TRINE NATAL PLUTO--This transiting trine gives you the ability to get to the bottom of things. It helps the influences of mental Mercury to penetrate the often heavy depths of the influences of Pluto. You will have good powers of concentration during this time. You will be able to use your willpower intelligently, giving you the ability to increase your mental abilities and improve your mind in the areas of communication. You probably like mystery stories, and could write them as well. You have a sensitivity to nuclear science, but this can also be interpreted as an interest in the occult. Interest in activities toward preserving the world environment may surface now. Pluto demands that your efforts include the betterment of conditions for all mankind.

*Jan 28, 2005 (Jan 28, 2005 to Jan 29, 2005) Merc Sqr Jup*

TRANSITING MERCURY SQUARE NATAL JUPITER--Squares usually present challenges and obstacles, but with the expansiveness of Jupiter, the energy seems to "blend". This transit makes you feel optimistic and positive about life. You have the ability to see the "big picture", and are inclined to make big plans and set long range goals. You think in more abstract terms, therefore the implementation of plans could be sloppy. Don't forget details. Watch out for arrogance in communications. With awareness, this transit can be a great force for good.

*Jan 29, 2005 (Jan 28, 2005 to Jan 30, 2005) Merc Sxtil Nep*

TRANSITING MERCURY SEXTILE NATAL NEPTUNE--Positive imagination accompanies this transit. Your intuitive Mercury mind is tuned in to the higher plane of mystical Neptune. Prayer and meditation is indicated. Daydreaming is likely, therefore it is not a good time for performing tasks which require clear thinking and concentration. However flights of fancy will illuminate your higher mind and artistic frontiers can open up for you. The keyword is inspiration.

*Jan 29, 2005 (Jan 29, 2005 to Jan 30, 2005) Ven Trine Plu*

TRANSITING VENUS TRINE NATAL PLUTO--The Natal interpretation of this aspect is as follows: "This trine gives you an intense emotional nature which is capable of the highest form of love. It could mean a spiritual regeneration through love. You are romantic, but in a powerful, positive way. You are almost sure to have a strong sex drive, and need to be able to channel it into positive directions. When you meet your "true love", it will seem like it was "predestined". Wow! . . . . In the transit aspect, the personality benefits from an awareness of expansion of the Venus dimensions. If things are not good in a relationship, there can be extreme emotional difficulty. If they are good, or if they can be turned around when not so good (regenerated), this aspect can bring about a permanency of well-being.

*Jan 31, 2005 (Jan 30, 2005 to Feb 1, 2005) Merc Oppos Sun*

TRANSITING MERCURY OPPOSITE NATAL SUN--This transit can increase the flow of communications between you and others, but it can also arouse conflicts of will and ego. This is a high-energy transit and turbulence and unpleasantness can occur. Business dealings began now may not reach successful conclusions immediately. On the positive side, communications between two people will get through to each other clearly and understandably, though not always pleasantly. However, don't hesitate to discuss important issues at this time, for what you bring out into the open could really help you in the future.

*Jan 31, 2005 (Jan 29, 2005 to Feb 1, 2005) Mars Sqr Plu*

Universal Psychic Guild <http://www.PsychicGuild.com>

Page 7 of 28

TRANSITING MARS SQUARE NATAL PLUTO--This transit has two polarities--it can bring power struggles and disagreements, or it can help you transform and regenerate your world around you. Your energy level will be high and you could get a lot of work done--if you don't create too much opposition doing it. Your ambitions will be enhanced at this time, but they, too, could conflict with someone else. The lesson from this transit is to look at your recent past efforts for any loose ends or shortcuts that need to be attended to or corrected. If they can be cleaned up to the good of all, you should do so. However, if you can't do it without causing conflict with others, it might be better to wait till this transit passes. As in all transits with Pluto, the influences could be those of someone else relating to you, rather than you to them. Also, as in all Pluto aspects, anything attempted must be for the greater good or it either will not work, or it will not do you any good.

*Jan 31, 2005 (Jan 30, 2005 to Feb 1, 2005) Ven Sqr Jup*

TRANSITING VENUS SQUARE NATAL JUPITER--Square aspects usually bring challenges and/or obstacles to overcome, but this one is rather mild. It is another "feel-good" transit, and it favors personal relationships. You will enjoy the company of others, and they will like being with you. You are likely to have very little self-discipline during this time, so beware of the risk of over-indulgence. It is a good time for doing almost anything you enjoy doing, as long as you don't have to do it. Your mind is capable of making good decisions, but your emotions could lead to excess. Practice patience and look toward the spiritual side of your life.

*Feb 1, 2005 (Jan 31, 2005 to Feb 2, 2005) Ven Sxtil Nep*

TRANSITING VENUS SEXTILE NATAL NEPTUNE--This a short, pleasant transit which can arouse the creative and romantic imagination. Relationships are harmonious and can be enhanced by spiritual influences. Although, you should spend some time alone in a pleasant and beautiful environment: a landscape, seascape, flower garden, or forest. If it puts you into a sweet, dreamy fog, who's to say we don't need that kind of a day once in a while?

*Feb 1, 2005 (Feb 1, 2005 to Feb 2, 2005) Merc Oppos Mars*

TRANSITING MERCURY OPPOSITE NATAL MARS--This can be an angry transit, making you want to "tell everybody off". Mental Mercury is opposite the Mars action influences. Try to use these energies to check out your effectiveness in whatever you are currently engaged in, and to check out your feelings and actions in your relationships. You are likely to be in a combative mood, and can even cause fights between other people. Be aware of these feelings of hostility from your subconscious, accept them and own them, and you will have some control over them. Be careful of any dangerous activities lest accidents occur.

*Feb 2, 2005 (Feb 1, 2005 to Feb 3, 2005) Merc Trine Ura*

TRANSITING MERCURY TRINE NATAL URANUS--This trine is a supportive aspect which helps combine the influences of both planets. It will make you feel more alive and mentally alert than at any other time. New ideas will come more rapidly than usual and your vision will have more breadth and scope. Communications will be dynamic and electric. You will seek stimulating people and thoughts, and it is a good time to begin the study of something new. You will want to break away from routine. Metaphysical studies are in order, and your intuition and perception are very active. Don't waste these energies.

*Feb 3, 2005 (Feb 1, 2005 to Feb 4, 2005) Mars Sxtil Jup*

TRANSITING MARS SEXTILE NATAL JUPITER--This is a very positive transit for almost any kind of activity you may wish to engage in. It is especially good for business ventures and for dealing with authorities. You should be able to get the best possible deal for yourself. Physical energy is high and you should enjoy good health and good spirits.

*Feb 3, 2005 (Jan 15, 2005 to Feb 20, 2005) jup sxtil merc*

TRANSITING JUPITER SEXTILE NATAL MERCURY--This is a good time for planning and making decisions and for communicating with others on important matters. You have the diplomatic and persuasive ability to smooth over hard feelings at this time, consequently it is a good time to resolve any differences which may have developed between yourself and others. You could get good news from friends, and they might even point out opportunities you had overlooked. It could be a good time to do some serious writing. At the very least, this is a period of optimism and positive thinking.

*Feb 3, 2005 (Feb 2, 2005 to Feb 4, 2005) Ven Oppos Sun*

TRANSITING VENUS OPPOSITE NATAL SUN--Opposition aspects usually bring challenges and/or obstacles to be overcome, but this one is an exception. This is a pleasant Venus transit--good times, agreeable relationships, sexual attraction and friendships are indicated. It could be party time, but don't overindulge. Creative energies are stimulated, but you will lack the self-discipline to apply them. Avoid arguments and disagreements. This is a short transit, so just relax and enjoy.

*Feb 5, 2005 (Feb 5, 2005 to Feb 6, 2005) Ven Oppos Mars*

TRANSITING VENUS OPPOSITE NATAL MARS--Oppositions usually bring challenges and/or obstacles to overcome. This transit can create serious difficulties

because it can stimulate such intense sexual and creative energies. It can be a good time for a sexual relationship if both partners are in harmony. If not in tune with each other however, the strong energies can present difficulties and create conflicts. Extreme opposition can actually be dangerous. This challenge presents an opportunity for you to come to grips with inappropriate sexual feelings and to seek positive ways deal with them. When physical sexual expression is not mutual or appropriate, the energies can be sublimated into artistic creativity. This could be a time when professional counseling would be indicated.

*Feb 7, 2005 (Feb 6, 2005 to Feb 7, 2005) Ven Trine Ura*

TRANSITING VENUS TRINE NATAL URANUS--Trine aspects are usually the most supportive, but this transit will make you want to break away from routine and do something different. It may even bring a little excitement into your life. This could also apply to relationships. Any relationship begun under this transit is likely to be "electric" AND exciting, but unstable and short. There could also be an unconventional arrangement in old relationships, such as agreeing to have other lovers. People you meet now will be different from your usual friends. It can be an exciting time, but not one for long term planning toward serious goals. Artistic endeavors could be quite successful, however.

*Feb 8, 2005 (Feb 7, 2005 to Feb 9, 2005) Sun Oppos Merc*

TRANSITING SUN OPPOSITE NATAL MERCURY--This transit stimulates the mind and could produce endless dialogue and communications with others. If you are overly concerned with your own opinions and thoughts of yourself, there could be arguments. Objectivity is very important, and if you are receptive you can learn much. You could be learning about the results of previous directions taken, and need to work out new strategies. However, this is not a good time to go in new directions. Look at your life as it is and not as you would like it to be. If you cannot be objective, you may need to consult someone you can trust to give you a clear picture of what is happening in your life. Try to avoid situations that drain your nervous energies, for you are likely to get upset easily. You will get tired and keyed up very easily.

*Feb 9, 2005 (Feb 8, 2005 to Feb 10, 2005) Sun Sqr Sat*

TRANSITING SUN SQUARE NATAL SATURN--This is not a "lucky" transit. It can be difficult because it raises issues you find hard to handle. Remember, Squares bring challenges to be met and obstacles to overcome, and one of the major influences of Saturn is discipline. You may feel depressed and restricted, but you must still deal with the issues. It is easy to make assumptions and to not check them out for truth. Life has not forced this on you--you reinforce the feelings by not challenging them. You need to break out of this "vicious circle" by taking a positive look at the world and the people around you. Your physical and psychological energies are low, and you are likely to be holding yourself back. The purpose of

discouragement is to reveal the weaknesses and the areas where you need to shore up your strength and self-confidence. At this time, try to recall all the successful efforts you have experienced in your lifetime and all the obstacles you have already overcome. Remember, also, all the good relationships you have had with other people and don't forget to cherish those you still have. Don't let your negative attitude deny that there has been positive experiences in your life.

*Feb 9, 2005 (Feb 8, 2005 to Feb 10, 2005) Sun Sxtil Moon*

TRANSITING SUN SEXTILE NATAL MOON--The Sun illuminates your emotions in this transit, providing psychological and emotional equilibrium. Different aspects of your personality are in tune with each other. It is a good time to be with people--friends, neighbors, loved ones. All relations and interchange will be harmonious. Relations with the opposite sex may also be smoother than usual. Take a good look at your personal life and what you want it to be like. Now is a good time to steer a course toward emotional fulfillment and satisfaction. For the duration of this short transit, you should feel tranquil, peaceful, and serene.

*Feb 10, 2005 (Feb 10, 2005 to Feb 11, 2005) Merc Oppos Merc*

TRANSITING MERCURY OPPOSITE NATAL MERCURY--This transit will stimulate the flow of ideas and communication in your life. The mind will be very active. This is a good time for reviewing the past and for planning toward the future. Interchange of ideas with others is indicated today. Their feedback can be valuable. However, the negative Mercury influences are in opposition to its positive influences. On the side of caution, the mind could race too fast. Nervous strain and tension could cause sloppy thinking and rash statements, impulsive decisions and rash actions. Pay close attention to everything you do and don't let your subconscious mind run the show. Everything will be more effective if you work with others rather than alone.

*Feb 11, 2005 (Feb 11, 2005 to Feb 12, 2005) Merc Sqr Sat*

TRANSITING MERCURY SQUARE NATAL SATURN--Square aspects usually bring challenges and obstacles to be overcome. With this one, your critical faculties are sharp and your standards are high, but communication may be difficult. It may be hard to "think positive" during this transit, but it is good for heavy mental work and tasks which require disciplined thinking. It is not a good time for negotiations and business transactions. Mental discipline is never pleasant, but try to avoid undue criticism of yourself and others.

*Feb 11, 2005 (Feb 11, 2005 to Feb 12, 2005) Merc Sxtil Moon*

TRANSITING MERCURY SEXTILE NATAL MOON-This transit puts you "in touch

with your feelings" AND the feelings of others. You can communicate in tune with the moods of others without being dishonest. Relationships will be harmonious. Mutual understandings make it easy to work on any relationships that might be in trouble. It is also a good time to look into your own psychological state and communicate your feelings about yourself to yourself.

*Feb 14, 2005 (Feb 13, 2005 to Feb 15, 2005) Mars Sqr Ura*

TRANSITING MARS SQUARE NATAL URANUS--This transit will bring you a short period of restlessness and impulsiveness. You will want to take action on your freedom instincts, and you will feel challenged upon your ability to be yourself. You will need to control these impulses lest they bring on revolt and rebellion. You need to create the appearance and the activity of on-going growth and change, and be satisfied with gradual improvement. The action elements of Mars and the freedom demands of Uranus will make this difficult, but drastic actions will only make things worse. Avoid conflict with authority figures during this time. Fortunately, Mars transits only last about three or four days, and when you know they are coming, at least you can discipline yourself to wait them out while you go on with the other areas of your life in a positive manner.

*Feb 15, 2005 (Feb 14, 2005 to Feb 16, 2005) Merc Trine Jup*

TRANSITING MERCURY TRINE NATAL JUPITER--This transit expands the mind. It favors all types of business and commercial activity, as it is an excellent time for planning for the future and creating organizational systems. Although Jupiter is sometimes called the "lucky" planet, these things do not happen through luck, but rather through hard work, which the mind is opened up to realize during this time. You are optimistic and positive in your thinking, which, when applied with luck, can lead to phenomenal success.

*Feb 15, 2005 (Feb 15, 2005 to Feb 16, 2005) Merc Sqr Nep*

TRANSITING MERCURY SQUARE NATAL NEPTUNE--Squares usually create challenges and obstacles to face and to be overcome, and this one is no exception. Communications can be confused and misunderstood, especially in business dealings. The transit can be supportive of studies in mysticism, but keep it "down-to-earth". There can be a tendency to idealize and daydream. You will want to keep secrets and avoid confrontations, which will only add to the fog and confusion that is present in your life during this time. Be super careful in business dealings now, lest misunderstandings and misrepresentations obscure the issue. You may easily deceive, or be deceived, either deliberately or unknowingly. Seek spiritual guidance through prayer and meditation before making any major decisions.

Page 12 of 28

TRANSITING SUN TRINE NATAL JUPITER--According to the ancients, and reinforced by contemporary experience, this is one of the most positive transits. It assures good feelings, and peace and harmony with others. It tends to make you feel lazy, but it would be a waste to let it slip by without using the energy to accomplish something useful and constructive. Your enthusiasm and optimism will project energies that cause your affairs to work out as you want. You have an understanding of overall patterns, and what appears to be "dumb luck" is the result of applying your positive frame of mind with more foresight and consideration than usual. You will be able to change any area of your life for the better. This is a good time to pursue studies in the mystical and the philosophical. The Sun illuminates the expansiveness of Jupiter, giving you an empirical view of the world and all of the things and the people in it.

*Feb 16, 2005 (Feb 15, 2005 to Feb 17, 2005) Sun Sqr Nep*

TRANSITING SUN SQUARE NATAL NEPTUNE--This transit can bring a low energy level, both physically and psychologically. If you feel tired and unable to get started, just know that your body needs the day off. Knowing in advance, do not put off things that need to be done until this day. It is also not a day for projects that require great self-confidence and courage--you just won't have it. Avoid deception from yourself and others. On the positive side, the transit could enhance your idealism and produce a beautiful moment. You can work to make it come true, but don't be discouraged by a gap between your ideals and your reality.

*Feb 18, 2005 (Feb 17, 2005 to Feb 19, 2005) Ven Oppos Merc*

TRANSITING VENUS OPPOSITE NATAL MERCURY--Oppositions usually bring challenges and/or obstacles to be overcome, but this aspect is a rather pleasant one. It encourages communications within love relationships. It is one of the least emotional transits of Venus, and you can confront a partner about relationship problems. You are calm and will be able to reduce tensions because you can be detached and rational. Be careful what you say about friends and loved ones during this transit, for they could be hurt by casual remarks.

*Feb 18, 2005 (Feb 3, 2005 to May 7, 2005) Sat Sqr Moon*

TRANSITING SATURN SQUARE NATAL MOON--This can be a difficult square where the ego and the emotions are concerned. Saturn provides structure and discipline for the ego and the Moon's emotional influences do not take well to discipline, even when needed. With this transit, the ego needs "square off" against the emotional needs. This can take the form of the demands of your job vs. the demands of a relationship, or of personal achievement as opposed to domestic peace and tranquility, when all these needs could be equally important. The key is to get them all working together. These elements of your life are not likely to really be in

conflict--though they feel like they are. You may have to change some priorities, de-emphasize some activities, and spend more time on others which have not been getting their share of the attention. The purpose of this transit is to get your attention. When accepted for what it is, it can be a very powerful transit for helping provide some much needed balance in your life.

*Feb 19, 2005 (Feb 18, 2005 to Feb 20, 2005) Ven Sqr Sat*

TRANSITING VENUS SQUARE NATAL SATURN--Squares usually bring challenges and/or obstacles and this one may be no exception. The emotional and artistic influences of Venus are squared off against the disciplinary influences of Saturn. It will be a good time for self-reflection and introspection. Better to be alone, for if you seek company you will still feel lonely. It is not a good time to resolve relationship difficulties. You may feel cool and reserved, even to those you love. Saturn may cause you to expect too much from them and from yourself. It is a time to accept limitations. Let this transit pass without making any long-term decisions.

*Feb 19, 2005 (Feb 18, 2005 to Feb 20, 2005) Ven Sxtil Moon*

TRANSITING VENUS SEXTILE NATAL MOON--Sextiles are supportive, and this is a soft emotional transit. You will feel protective and nurturing. All types of relationships will be enhanced and mutually fulfilling. Anger and resentments are far away. Others will feel your warmth and respond accordingly. Relations with women are good today. Enjoy!

*Feb 22, 2005 (Feb 5, 2005 to May 5, 2005) Sat Sxtil Sat*

TRANSITING SATURN SEXTILE NATAL SATURN--The Saturn-Saturn sextile indicates a time of moving forward to achieve goals, or, a time of equilibrium and balance because you have a pretty good idea how to handle your world. However, this does not necessarily mean a happy time. Saturn, ever the disciplinarian, forces us to face the facts as they really are, even in the pleasant aspects. Emphasis at this time can fall upon either material or spiritual things, or waver between the two. You may also fluctuate between the feeling that you are running things satisfactorily yourself, and the feeling that you are being "programmed" like a computer by outside influences. The key here is to take advantage of the disciplinary influences, take a good look at yourself, and use this time to achieve further goals, and to grow both materially and spiritually.

*Feb 24, 2005 (Feb 23, 2005 to Feb 25, 2005) Merc Oppos Ven*

TRANSITING MERCURY OPPOSITE NATAL VENUS--This is a very light transit, and you may not feel it unless you expect it. It can produce some pleasant feelings, and your mind will tend to turn to lighter subjects. However, it is not a favorable

time for accomplishing tasks that require discipline and strong mental applications. Personal relationships will be pleasant, and even disagreements can be worked out amicably now. Avoid inclinations to be overly self-indulgent.

*Feb 24, 2005 (Feb 23, 2005 to Feb 25, 2005) Ven Trine Jup*

TRANSITING VENUS TRINE NATAL JUPITER--This is one of the "best" transits, although of short duration. It brings grace, ease, and pleasant social interaction into your life. You will feel content, and it will rub off on others. It can be a good time to make a major investment, as financial interests are favored. You will not want to work at work however, but will tend to be lazy. Artistic interests are high, but from the standpoint of "enjoyment"--so ENJOY! . . . .

*Feb 25, 2005 (Feb 24, 2005 to Feb 26, 2005) Ven Sqr Nep*

TRANSITING VENUS SQUARE NATAL NEPTUNE--This transit stimulates the imagination, influences daydreaming, and usually indicates a pleasant interlude. Care is needed with relationships as you could expect the unrealistic ideal. New relationships begun at this time may not be reality based. You may indulge in fantasies, feeling that they are more real than the concrete things and relationships in your life. This aspect will not last long, so make no permanent decisions while it is in effect. Just wait it out. It would be a good time for prayer and meditation.

*Feb 26, 2005 (Feb 24, 2005 to Feb 27, 2005) Mars Trine Ven*

TRANSITING MARS TRINE NATAL VENUS--This trine between Mars and Venus symbolizes the perfect balance between your need to be yourself and your need to relate to another. It enhances all kinds of creative activity and sexual relationships. You will be able to express yourself fully in a relationship with complete gratification to each other. It is more physical than psychological, and you need to use discretion if your erotic fantasies cause you to seek release through a new or different relationship. This transit is artistically stimulating from the standpoint of motivating energies, rather than inspirational. It can help you to actually get the work done.

*Feb 28, 2005 (Feb 27, 2005 to Mar 1, 2005) Merc Sxtil Sat*

TRANSITING MERCURY SEXTILE NATAL SATURN--This supportive transit helps bring the mental and the disciplinary influences into a semblance of cooperation. Your mind is on serious concerns and you are concerned with making the situation better. It is a good time to look around and see what needs to be corrected in your environment. Saturn's discipline to the thinking is a gentle nudge to work on the details rather than the overall pattern. Try to focus your energy on the completion of difficult dilemmas and activities.

*Mar 2, 2005 (Mar 1, 2005 to Mar 3, 2005) Merc Oppos Plu*

TRANSITING MERCURY OPPOSITE NATAL PLUTO--Opposition aspects usually bring challenges and/or obstacles to overcome, and this one is no exception. This could be a good transit for getting to the bottom of problems that have been difficult to see through. This especially relates to hidden problem areas of the self. You are able to concentrate your entire attention on solving problems or hidden puzzles, but you need to watch out for tendencies toward compulsion. An obsessive thought could close your mind to all else. If your motives are not "perfectly clear" to others you could experience extreme opposition from them. It would be a good time for doing research, but would probably be better used if applied to personal problem areas in preparation for positive growth. Pluto demands that efforts must be for the greater good however, and this applies to other than personal activities as well.

*Mar 4, 2005 (Mar 3, 2005 to Mar 5, 2005) Merc Trine Nep*

TRANSITING MERCURY TRINE NATAL NEPTUNE--During this supportive trine aspect the mental Mercury and the mysteries of Neptune are in rare accord. You will be more sensitive than usual to the world around you. Your creative imagination will be stimulated, and it is a good time to get away from the humdrum. You will not want to get involved with super serious subjects, but you are sympathetic and sensitive to others' needs. You can transcend the limits of your natural intellect during this time, and it is a good period to pursue mystical and spiritual studies.

*Mar 4, 2005 (Mar 3, 2005 to Mar 5, 2005) Sun Oppos Ven*

TRANSITING SUN OPPOSITE NATAL VENUS--This transit brings all relationships into focus by releasing the hidden tensions and forcing them out into the open where you will have to deal with them. It is usually not an unpleasant experience, and you will encounter your SELF through your different relationships. If you will study your reactions and your handling of the situations, you could learn a lot about yourself. Good relationships could get better and not so good ones could go to pieces. This IS an opposition aspect, and it DOES create challenges. If you feel overwhelmed by interpersonal situations, it could be wise to seek help and/or discussion with a professional counselor. This aspect can make you aware of how much you need your loved ones, and help you to feel much love and tenderness toward those close to you. You will not want to be alone.

*Mar 5, 2005 (Mar 5, 2005 to Mar 6, 2005) Merc Trine Sun*

TRANSITING MERCURY TRINE NATAL SUN--Trine aspects are supportive and this one is no exception. TRANSITING MERCURY TRINE NATAL MARS--This is a good transit for all Kinds of mental work. The harmony of the trine can effectively produce cooperation with the mentality of Mercury and the actions of Mars. You can communicate positively and with confidence. Plans you make today are likely to be bolder and more innovative than usual, and you may see obstacles as challenges which spur you on. Your self-image is enhanced and you will attack any challenge with courage and confidence. It would be a good time to ask for a raise.

*Mar 8, 2005 (Mar 7, 2005 to Mar 9, 2005) Mars Trine Sat*

TRANSITING MARS TRINE NATAL SATURN--This trine combines the energy of Mars with the discipline of Saturn in a regular, controlled pace. You can direct it toward any task you wish to accomplish and it will be stable until the fruition. It is a good time to finish boring tasks which require attention to detail, whether intellectual or physical. The close attention to detail which you see now will help you see yourself and your own reactions very clearly, thus helping you to get to know yourself better.

*Mar 8, 2005 (Mar 7, 2005 to Mar 9, 2005) Merc Oppos Ura*

TRANSITING MERCURY OPPOSITE NATAL URANUS--Oppositions usually mean obstacles to be overcome and this is no exception. When a transit hits this aspect, it could make you blunt, tactless, arrogant and conceited. No one else could make you change your mind about anything, but YOU may change it without the slightest justification. The key here is to "lighten up". Don't be afraid to be wrong. Cultivate patience and cooperation with others during this time, whether you agree with them or not (and you probably won't). Try to avoid snap judgments and sudden decisions--"look before you leap". Seek spiritual guidance for the use of the awesome power this transit can provide.

*Mar 8, 2005 (Mar 7, 2005 to Mar 10, 2005) Mars Sqr Moon*

TRANSITING MARS SQUARE THE NATAL MOON--You are likely to be moody and irritable during this transit. Long buried tensions can surface and demand to be dealt with, and you can find yourself snapping at someone for almost no reason. This can be a difficult time with loved ones, for close domestic relationships could suffer from the turmoil in your own mind at this time. You need to watch out for very childish behavior. You need to pause and realize that things are not what they seem--it is merely emotional magnification. Try to avoid impulsiveness and rash words, for

you need to be very conscious of what you say and do at this time. Try to release your emotions in appropriate ways, and beware of accidents.

*Mar 9, 2005 (Mar 8, 2005 to Mar 10, 2005) Ven Oppos Ven*

TRANSITING VENUS OPPOSITE NATAL VENUS--Opposition aspects usually bring challenges and/or obstacles. This is not a good transit for getting work done. However, it can be a very pleasant time when you feel like indulging yourself, and that you deserve it. You could spend money impulsively and regret it later. Love relationships should be smooth, but if there is conflict you may tend to give in when you shouldn't. This is not a time to solve difficult problems. Your energies could be rather low, so get plenty of rest.

*Mar 11, 2005 (Mar 10, 2005 to Mar 12, 2005) Sun Sxtil Sat*

TRANSITING SUN SEXTILE NATAL SATURN--This could be considered a lucky transit, even for Saturn, the planet of discipline. Your feelings may be more career oriented than usual and this is a good time for getting things done. Plans will begin at the basic level and build in an orderly manner. Your mind is well organized and you will have a strong sense of self-discipline. All tasks will be completed in an orderly way, and with no loose ends. This is mostly a work-a-day transit, and you are likely to be recognized by your superiors. Use this energy in constructive ways while it lasts, for it will not always be there. However, it is a good time to consult "experts" in your fields of interest, especially if they might be "father figures". It is not necessarily a good time to "relax and enjoy".

*Mar 14, 2005 (Mar 12, 2005 to Mar 15, 2005) Mars Trine Plu*

TRANSITING MARS TRINE NATAL PLUTO--This transit can stimulate your ambitions, and you will be non-threatening to others around you. It is a good time for efforts toward improving your work situation. You could also correct unsatisfactory conditions in other areas of your life and begin to regenerate any poor psychological and physical health attitudes you might have. Find out what you want to change about yourself and your world and begin by setting some long range plans and implementing them. Your energy level is high and should last for some time. However, efforts should not be for ego inflation alone. They won't work if they are contrary to the best interests of your world at large.

*Mar 15, 2005 (Mar 14, 2005 to Mar 16, 2005) Ven Sxtil Sat*

TRANSITING VENUS SEXTILE NATAL SATURN--Sextiles are supportive and this transit shows you in a positive way the duties and obligations that you have to live up to in your personal relationships. This will not be difficult for you, since the reality of your emotional relationships are extremely important to you. Honesty is

TRANSITING SUN OPPOSITE NATAL PLUTO--This transit could bring intense encounters with other people and circumstances. There could be power struggles with authority, where you would be forced to stand up for your position. However, you should avoid acting in over-bearing or domineering ways. Aspects of your life which you have not understood or may have chosen to ignore are coming to the surface in your consciousness at this time, and can be causing these conflicts. There can also be breakdowns in relationships where honest confrontation is indicated. This energy and discomfort should be used to make assessments of certain areas of your life and to make sweeping and fundamental changes which you have not previously had the power to make. Changes should also be for the greater good, or they won't work. Pluto is the planet of regeneration, and when you improve yourself, it reflects in your world.

*Mar 17, 2005 (Mar 15, 2005 to Mar 18, 2005) Mars Sqr Jup*

TRANSITING MARS SQUARE NATAL JUPITER--This transit can be very productive if you keep the expansiveness of Jupiter within limits you can handle. Your optimism and self-confidence will be more interested in "what can be" than in what really is, and you could over-extend yourself. However, with intelligent planning and foresight, you could be able to succeed beyond your wildest dreams. Your ego strength is great and opportunities are likely to flourish. The transit tests your efforts to grow as an individual.

and spiritual. It is often difficult to determine which influence prevails. The Sun illuminates, and you will need to try and discriminate which level of the Neptune influence you need to deal with at this time in your life. Your ideals may be challenged and you will want to defend them. To complicate matters, you may be called upon to help or guide someone else who is close to you. Just remember, they are only human as are you. This is a time for prayer and meditation. You may want to be alone to ponder. Your sensitivity to the subtler aspects of the world are enhanced at this time, and you could have flashes of ESP or other mystical experiences. Spiritual strength is available for the asking and this can be a very positive time of growth in your life.

*Mar 18, 2005 (Mar 18, 2005 to Mar 19, 2005) Ven Oppos Plu*

TRANSITING VENUS OPPOSITE NATAL PLUTO--This aspect deals with relationships, and intensifies the energy and the affects of the experiences involved. It could lead to indiscretions that could cause problems later on. A new relationship could be impulsive in nature, and infatuation may prevent you from proper evaluation of the consequences. Caution and awareness is recommended until you can get a feel for where the relationship could go. There could be obscure conflicts in existing relationships, causing some difficulties. Subconscious impulses may cause you to behave irrationally, and you need to beware of manipulative tendencies in yourself. There are powerful energies at work here, and you need to be able to deal with root causes. Handled properly, this aspect can be a powerful force for good.

*Mar 21, 2005 (Mar 20, 2005 to Mar 22, 2005) Ven Trine Nep*

TRANSITING VENUS TRINE NATAL NEPTUNE-This a pleasant aspect but not good for getting things done. Expect fantasies and daydreams. This could be an extremely useful transit for creative activity, but you must completely work it out in your head before producing the physical form. This transit inspires compassion and tenderness, along with unselfish and spiritual love. Unhappy relationships could improve, and good ones get better. Seek the higher plane of Neptune through prayer and meditation.

*Mar 21, 2005 (Mar 20, 2005 to Mar 22, 2005) Sun Trine Sun*

TRANSITING SUN TRINE NATAL SUN--This transit occurs twice a year: four months before your birthday and four months after. It is a time of balance and equilibrium in your life, when you can be yourself with the least amount of obstacles from people or circumstances. Your energy level should be high and you can work or play with vigor and enthusiasm. Things may be going so well, in fact, that you are tempted to think they will always be that way. "However . . ." Now is a time to firm up your affairs and make them strong enough so that they can weather turbulence and trouble which could come later on. Your energy level is high and your stress level is low, making it possible for you to accomplish this with minimal effort at this

time. On the trine preceding your birthday, you should stop and review your recent achievements. Decide how you can use them to prepare for the future and what lasting value they can provide. Don't be complacent, for you will still have challenges to face. Also examine those matters which did not work out, salvaging those that may be worthwhile and discarding the others. Waste no energy on regrets. During the trine following your birthday, also, examine the projects that have worked out well in the last few months and prepare for a time in the near future when they will reach a critical culmination. Prepare yourself for their success. And for those that did not work out so well, decide which are worth saving and cut your losses by discarding the deadwood. Prepare to be firm, since discriminating between them may be difficult. The quiet pace of this trine aspect will assist and comfort you in these decisions.

*Mar 22, 2005 (Mar 21, 2005 to Mar 23, 2005) Mars Oppos Sun*

TRANSITING MARS OPPOSITE NATAL SUN--This aspect between the planet of action and the planet of Self can pull you in two different directions. The negative side indicates furious conflict with others. You could interpret any action by others as a challenge to the Self, if you are not in a good place with self-worth. You can be severely challenged at this time and the result can be inappropriate anger. On the positive side, if you have been able to utilize some cooperation between the energy of the two planets, you can see something very valuable being accomplished. You may see some important activity of yours brought to a triumphant climax. The key here is to combine the energies and make them work together. You will also need to heal conflicts and try to achieve creative working relationships with others. You can still screw up without the cooperation of others.

*Mar 23, 2005 (Mar 22, 2005 to Mar 24, 2005) Ven Trine Sun*

TRANSITING VENUS TRINE NATAL SUN--Trines are supportive and this is one of the most pleasant of all transits. It doesn't signify anything earth shattering, but is a good time for all kinds of enjoyable activity. In work you will feel a spirit of camaraderie and togetherness, making it go smoothly. However, pleasure and recreation are the highlights of this transit. It is a good time for personal and love relationships. If you feel the least bit ambitious, it is a good time for creative and craft projects, or for almost anything you may want to do. It could be a shame to waste this energy, but if you really don't want to work, just relax and enjoy.

*Mar 24, 2005 (Mar 23, 2005 to Mar 25, 2005) Sun Trine Mars*

TRANSITING SUN TRINE NATAL MARS--This is a positive transit for providing comfort in who you are. It doesn't necessarily mean you are satisfied with who you are and what you are doing, but physical and mental energy will be high. You should invest some time in physical exercise during this transit. It will not only satisfy the influences toward physical activity, but will also improve your mental

and spiritual health. It will help you to understand yourself and your needs better, as well. It is always important to take advantage of every astrological influence that may give us insight into who we really are--and this transit is one of those. Now is also a good time to take a look at various projects you may have started and, for whatever reason, have not completed. Try to prioritize projects which would be most beneficial to you and those that need the most attention. Remember, the Sun is energy and Mars is action. It could be a waste not to use these energy-active influences in some positive and productive manner. If there are situations or projects in your life that need changing, or even terminating, during this transit is a good time for new beginnings.

*Mar 26, 2005 (Mar 25, 2005 to Mar 26, 2005) Ven Trine Mars*

TRANSITING VENUS TRINE NATAL MARS--This trine aspect supports most activities. Of course, with Venus and Mars involved, the sex drive is likely to be high. In a relationship, this would indicate gentleness and mutual receptivity. In this and in other areas of your life, you are able to assert yourself in ways that enable you to get what you want without offending anybody. Action in some area of artistic expression can be very successful during this time.

*Mar 26, 2005 (Mar 24, 2005 to Mar 27, 2005) Sun Oppos Ura*

TRANSITING SUN OPPOSITE NATAL URANUS--Things will be different and unexpected under this transit. Whatever you think is normal--it won't be. There could be extreme restlessness in relationships and something completely unexpected may come to light. In business or other partnerships, sudden revisions or adjustments may become necessary because of unexpected revelations. You are likely to be extremely restless, also. You need to focus on what it is that is making you feel that way, and what it is that you want. It may not be the time to go after it (whatever "it" is), but it is important for you to find out. The Sun in this transit is trying to show you certain elements of your interaction with the world which you have not considered before, and their relevance to you which you have not adequately recognized before. This energy needs to be discharged in positive ways lest it break out in accident-prone behavior.

*Mar 26, 2005 (Mar 25, 2005 to Mar 27, 2005) Mars Oppos Mars*

TRANSITING MARS OPPOSITE NATAL MARS--This transit can present conflicting actions (action opposite action!) It indicates a strong need to know why you act--before you act. There is almost always sure to be opposition to whatever you do, and some of that opposition may be between your conscious motives and your subconscious motives. There is also likely to be opposition from others. The lesson to be learned is two-fold: awareness of true motives, and that you do not prosper at others' expense. This can be a very positive transit if you can work with others without letting your ego get in the way. Your energy level is very high, and you can

do a great deal of work.

TRANSITING VENUS OPPOSITE NATAL URANUS--Oppositions usually bring challenges and/or obstacles to be overcome. The solutions are to create personal growth. This transit can encourage you to break away from the routine, which can be either positive or negative. You will crave excitement, and the stage could be set for a sudden break from your established life patterns, whether good or bad. Unresolved tensions in a love relationship could cause one of you to seek more freedom from its restrictions. You may flirt with the idea of a new relationship, but the motive would be to escape from the old. It might not lead to anything better or more permanent. It would probably be better to sit tight, and make no permanent decisions under the influence of this transit.

*Mar 27, 2005 (Feb 28, 2005 to Apr 23, 2005) plu sqr plu*

TRANSITING PLUTO SQUARE NATAL PLUTO--Pluto has a variable speed orbit, with many retrograde motions, making it impossible to pick up cycles of its aspects. When a transit squares the natal position, a general period of regeneration is indicated, and it may not be entirely pleasant. Most of us are attached to the past, whether or not that is good for us. This square forces us to relinquish the possibly subconscious results of past negative acts and behaviors and to build anew. This is a powerful aspect, and when used positively, it can regenerate both emotional and physical health. It will also make you more aware of the regeneration needs of the universe.

*Mar 28, 2005 (Mar 26, 2005 to Mar 29, 2005) Mars Trine Ura*

TRANSITING MARS TRINE NATAL URANUS--This can be a time of new activities and new encounters, some quite unexpected, that will generate both excitement and personal growth. You won't be satisfied with your daily routine, and this influence can help you break away and introduce fresh elements into your life. Psychological liberation gives you courage to break inhibitions and show off aspects of yourself that even you may not have known you had. This is a powerful aspect for new beginnings, filled with energy and courage. It is a time for personal growth and discovery which can be significant to your psychological development, as well as interesting and exciting.

change your mind about anything, but YOU may change it without the slightest justification. The key here is to "lighten up". Don't be afraid to be wrong. TRANSITING VENUS TRINE NATAL MERCURY--Trine aspects are most supportive, and this is a good transit for pleasant thoughts and communication. It is an excellent time to tell someone you love them. All relationships should be pleasant and congenial. You will be light-hearted and ready for a good time. Go for a drive, have a party, or begin a long vacation. It is a good time to just sit back, relax and let your thoughts wander.

*Apr 8, 2005 (Apr 8, 2005 to Apr 9, 2005) Ven Conj Moon*

TRANSITING VENUS CONJUNCT NATAL MOON--This conjunction combines feelings of love and affection. You are likely to be in a dreamy and romantic mood, and will want to spend a quiet time with someone you love. It is not a wildly erotic Venus transit, but mainly a time for expression of affection, especially for family and relatives. Relations with women should be especially positive. Beware of the tendency for overindulgence in food and drink. Enjoy!

*Apr 9, 2005 (Apr 8, 2005 to Apr 10, 2005) Sun Trine Merc*

TRANSITING SUN TRINE NATAL MERCURY--Your mind is quick and receptive under this transit, and you can increase your understanding of yourself and your goals. The mind is rather tranquil, but you will also want to expand your knowledge and understanding about many areas of your life and situations. It is a good time for studying, traveling, and learning. The more you understand about any situation the better able you will be at solving problems and dealing with situations that may arise. You can see the overall picture and are able to understand much that

you need to know about yourself. This is good time to communicate with others about what is important to you. This is also a good time to take a vacation, or to travel for business reasons.

*Apr 11, 2005 (Apr 10, 2005 to Apr 12, 2005) Sun Conj Moon*

TRANSITING SUN CONJUNCT NATAL MOON--This Sun transit illuminates your personal, domestic, and emotional life so that you can observe and understand them better. It will bring out all your subconscious attitudes. Take a long look, and it can be a time of great discovery. You will feel more like a total person during this transit, and the sun will help illuminate your emotions. Face your emotions in a positive way and this can be a time of great understanding and progress. Your relationships, especially with females, should be more harmonious during this transit. Consider your personal life, your domestic situation, and your close family relationships. This is not the time to concentrate your energies on material things. Pay attention to your inner feelings and let the Moon's emotional influence guide your thoughts and actions. You may want to make some changes as this is a time of new beginnings in your inner life--a sort of personal "new moon". It is a time for deep inner reflection.

*Apr 12, 2005 (Apr 8, 2005 to Apr 16, 2005) merc trine sun*

TRANSITING MERCURY TRINE NATAL SUN--Trine aspects are supportive and this one is no exception. Your mind should be unusually clear with this transit--especially for all mental work and communications. You can state your case effectively and should benefit from negotiations. It is a good transit for organization and getting rid of paperwork. This is a good time to begin a new learning process or a new course of study, especially if it piques your interest.

*Apr 13, 2005 (Apr 13, 2005 to Apr 14, 2005) Ven Oppos Jup*

TRANSITING VENUS OPPOSITE NATAL JUPITER--Oppositions usually bring challenges and/or obstacles to be overcome. This is an aspect of self-indulgence, but it also indicates joy, pleasure and satisfaction. You will feel "lucky", and ambition will not be pressing during this time. You will not want to bother with serious responsibilities, for your mind will be on other things. It is definitely not a good time to go shopping unless you have money to throw away. It would be a good time to get involved with the spiritual side of your life, and come down to earth a little bit.

*Apr 16, 2005 (Apr 15, 2005 to Apr 17, 2005) Mars Oppos Merc*

TRANSITING MARS OPPOSITE NATAL MERCURY--This transit can cause disputes and arguments unless you try to understand other people's points of view. You (and they) are likely to feel somewhat irritable. Therefore, it is not a good time to try to settle arguments. This is a time when your ego is wrapped up in your ideas,

and any threat to your opinions can be felt as a threat to the Self. Try to detach, be patient, and use the generous energy to accomplish difficult mental tasks.

*Apr 16, 2005 (Apr 16, 2005 to Apr 17, 2005) Ven Sqr Sun*

TRANSITING VENUS SQUARE NATAL SUN--Square aspects usually bring obstacles to be overcome, but this one may not. This is normally a very pleasant transit with few difficulties. You are likely to feel rather self-indulgent, seeking fun and recreation and not wanting to work. You will not feel very self-assertive, but more in the mood for compromise. Love relationships are favorable, but there will be the temptation to over-indulge. Avoid arguments and disagreements. This a short transit, so relax and enjoy.

*Apr 17, 2005 (Apr 16, 2005 to Apr 18, 2005) Sun Oppos Jup*

TRANSITING SUN OPPOSITE NATAL JUPITER--This transit can cause a tendency to go overboard in anything you say or do. Oppositions provide a two-way pull, but the positive side of this one seems stronger. It can puff up your self-confidence, letting you think that nothing could go wrong. But you need to remember that oppositions can bring conflict, so don't let your self-confidence come across as arrogance. That could cause a negative, even hostile, reaction from others. This transit can enhance positive energies and optimism, giving you an expansive view of people, places and things. You may feel bigger than yourself, but may not appear that way to other people. Contain your expansive energies within realistic goals and limit your efforts to keep within parameters which you can control. Much can be achieved during this time, but you need to avoid over-commitment and unrealistic efforts. Watch your manner of expression lest you trigger opposition from others. If this happens, leave them alone and draw in your horns.

*Apr 18, 2005 (Apr 17, 2005 to Apr 20, 2005) Mars Sqr Sat*

TRANSITING MARS SQUARE NATAL SATURN--Caution is the keyword under this square. Fear can be a factor in preventing full functioning. Authority figures may discourage you now, actually reinforcing some feelings you are already having about yourself. Inner energies are struggling against your inhibitions, and you need to realize that you can't find self-worth solely from the opinions of others. Control anger, and direct it toward physical activities. The best way to handle this transit is to confront yourself with your own opinions, and don't start anything too big or long-term now.

*Apr 19, 2005 (Apr 17, 2005 to Apr 20, 2005) Mars Sxtil Moon*

TRANSITING MARS SEXTILE NATAL MOON--This transit brings strong emotions, and you seek out experiences that involve both your mind and your feelings. You

have the energy to work hard, but only on projects which affect you and your emotional interest. You can be impulsive and your thinking is not very objective. You may seek a passionate sexual relationship--or this transit can make an ongoing one more intense. Be careful to avoid obsessions and try not to make enemies.

*Apr 19, 2005 (Apr 18, 2005 to Apr 20, 2005) Ven Sqr Mars*

TRANSITING VENUS SQUARE NATAL MARS--Squares usually bring challenges to be met and/or obstacles to be overcome, and this one could have serious consequences. The emotions of Venus are squared off against the actions urges of Mars. In relationships, the love interest will be enhanced and physical desire will be aroused. If the feelings are mutual the result can be great, but if not, disaster can be the result. The lessons to be learned here could be tolerance, control and respect. Venus is also the planet of the arts, and Mars the planet of action. Sublimating the sexual urges into artist interests and action can be the solution to relationship difficulties and conflicts. Professional counseling could be strongly indicated here.

*Apr 19, 2005 (Feb 5, 2005 to May 5, 2005) Sat Sxtil Sat*

TRANSITING SATURN SEXTILE NATAL SATURN--The Saturn-Saturn sextile indicates a time of moving forward to achieve goals, or, a time of equilibrium and balance because you have a pretty good idea how to handle your world. However, this does not necessarily mean a happy time. Saturn, ever the disciplinarian, forces us to face the facts as they really are, even in the pleasant aspects. Emphasis at this time can fall upon either material or spiritual things, or waver between the two. You may also fluctuate between the feeling that you are running things satisfactorily yourself, and the feeling that you are being "programmed" like a computer by outside influences. The key here is to take advantage of the disciplinary influences, take a good look at yourself, and use this time to achieve further goals, and to grow both materially and spiritually.

*Apr 19, 2005 (Apr 18, 2005 to Apr 21, 2005) Merc Trine Mars*

TRANSITING MERCURY TRINE NATAL MARS--This is a good transit for all kinds of mental work. The harmony of the trine can effectively produce cooperation with the mentality of Mercury and the actions of Mars. You can communicate positively and with confidence. Plans you make today are likely to be bolder and more innovative than usual, and you may see obstacles as challenges which spur you on. Your self-image is enhanced and you will attack any challenge with courage and confidence. It would be a good time to ask for a raise.

*Apr 21, 2005 (Apr 20, 2005 to Apr 22, 2005) Sun Sqr Sun*

TRANSITING SUN SQUARE NATAL SUN--This transit occurs roughly three

months after and three months before your birthday. At both times it is a transit of crisis and challenge. Square aspects create challenges to be overcome, and usually will provide insight for how to conquer setbacks. It is not a time to fear, but it is a time for testing the validity of what you are doing. People may oppose you in your efforts and you could get very angry with them, but you need to understand that their motives are the same as yours. In the square before your birthday, you will be challenged to complete various projects and reap their rewards--or other consequences. This after birthday square could bring challenges to your efforts to build something up, to create a material structure, or just to get a project going. There could also be a testing of some new aspect of the personality which is trying to get out into the light of the world. Study the situations of your life, and use this energy to make amends where necessary and start new beginnings.

*Apr 21, 2005 (Apr 20, 2005 to Apr 23, 2005) Merc Oppos Ura*

TRANSITING MERCURY OPPOSITE NATAL URANUS--Oppositions usually mean obstacles to be overcome and this is no exception. When a transit hits this aspect, it could make you blunt, tactless, arrogant and conceited. No one else could make you change your mind about anything, but YOU may change it without the slightest justification. The key here is to "lighten up". Don't be afraid to be wrong. Cultivate patience and cooperation with others during this time, whether you agree with them or not (and you probably won't). Try to avoid snap judgments and sudden decisions--"look before you leap". Seek spiritual guidance for the use of the awesome power this transit can provide.

*Apr 22, 2005 (Feb 3, 2005 to May 7, 2005) Sat Sqr Moon*

TRANSITING SATURN SQUARE NATAL MOON--This can be a difficult square where the ego and the emotions are concerned. Saturn provides structure and discipline for the ego and the Moon's emotional influences do not take well to discipline, even when needed. With this transit, the ego needs "square off" against the emotional needs. This can take the form of the demands of your job vs. the demands of a relationship, or of personal achievement as opposed to domestic peace and tranquility, when all these needs could be equally important. The key is to get them all working together. These elements of your life are not likely to really be in conflict--though they feel like they are. You may have to change some priorities, de-emphasize some activities, and spend more time on others which have not been getting their share of the attention. The purpose of this transit is to get your attention. When accepted for what it is, it can be a very powerful transit for helping provide some much needed balance in your life.
