Introduction

The Love Personality Report is comprised of the first two sections of the complete Psyche and Eros Relationship Analysis. This abbreviated version of the complete report describes the emotional needs, temperament, hang-ups and issues an individual brings to a relationship. For an analysis of the compatibility of a couple, see the last two sections of the complete Psyche and Eros Relationship Analysis.

Virgo on 7th house cusp

You are a dreamer - emotional, sensitive and intuitive. You can be a loner. You tend to form personal ties with people you meet through work - either yours or theirs. An ideal relationship for you would be intimate both personally and professionally.

You like to think of your partners as perfect so you may mind it less than most would when they tend to be rather critical of you. Usually, they are gentle and reserved and far more practical than you are. They take care of the little details you often forget.

Your dreams, ideals and speculations about matters which transcend day-to-day living are so central to your existence that any person you feel close to must be someone with whom you can discuss these ideas since no one else seems to understand them.

Your partners are bright, verbal, curious people who, on the surface may not appear to have a great deal of emotional depth. However, they connect with you intellectually and that tie appears to be the channel through which you can share emotionally.

Mercury, Ruler of 7th house, is in 11th:

You are an idealist. You care about people and you really want to help. Often you are working on some cause -- humanitarian, political, creative or educational -- which requires the involvement of a group. The members of the group who are most passionately interested and involved often become intimate friends with whom you have endless discussions. It would not be out of character for you to develop romantic ties with friends who share your concerns. On the other hand, it would be noticeably out of character for you to be attracted to someone simply interested in superficial or trivial matters. If such a person initially appeared to attract your attention, your response to your disappointment would be swift.

You would quickly lose interest. While you may not always be crystal clear about your own emotional motivations, you are remarkably lucid about your goals and your interests in contributing to the community in some way. For that reason, you may be an excellent spokesperson. You have a knack for being able to find words for the abstract and you draw people toward you who crave that clarification. You also enjoy others who are verbal and who understand the concept you are espousing and can, in turn, contribute something to the discussion. You've never been able to justify prolonging a relationship with one who bores you.

Pluto in 7th

There will be at least one relationship in your life which will totally transform it. Its onset will closely follow a major ending or separation from someone else. You can always identify the major phases of your life by the partner of that period.

You exert a powerful influence over others. If you are not comfortable with that side of your nature, you will draw controlling and manipulative partners. You also attract some formidable enemies and rivals. You have strong love/hate relationships.

Pluto Opposition Asc. with an orb of less than 1/2 degree

You are not always aware of your own magnetism. Others find you intense and, sometimes, controlling. You have such strong fears of losing relationships that sometimes you imagine that people are turning against you when the opposite is more often true.

Moon Conjunct Venus with an orb between 1 and 3 degrees

Lucky you. As a child you received a great deal of love leaving you not only with the capacity to love deeply yourself but with the security of knowing that you have value and that there will always be people you can turn to. You form love ties easily.

Mercury Trine Pluto with an orb between 1 and 3 degrees

You are extremely persuasive and, perhaps, skilled at manipulating others to share your views. Your intuition is powerful and the research skills which may help you professionally also manifest in your private life. You know everyone's deepest secrets.

Neptune Trine Asc. with an orb between 1 and 3 degrees

You have a gentle, romantic, dreamy quality and people often find you mysterious or elusive. You have an uncanny facility to communicate with people without speaking and to tune into their innermost thoughts. You connect best with those equally sensitive.

Mercury Sextile Neptune with an orb of less than 1 degree

You know things intuitively as well as rationally and have a rare capacity to perceive in others feelings, thoughts and dreams they may never have openly shared. Anyone close to you would have to share your love of music and interest in spiritual thought.

Moon Sesquiquadrate Uranus with an orb of less than 1 degree

You have an emotional, if not conscious, recollection of early emotional nurturing which was erratic or unpredictable. As an adult, you instinctively set up emotional situations where you have some independent outlet - either other people or work projects.

Uranus Opposition Asc. with an orb between 3 and 5 degrees

You are an unusual person and are often perceived as "ahead of your time" in some way. Friendship is very important to you - especially in your love affairs. You don't like relationships which are overly defined or confining. You must feel free to love.

Mercury Sextile Asc. with an orb between 1 and 5 degrees

You are extremely verbal and communicative and have no difficulty in making your thoughts and ideas clearly understood. At times, however, you may become a bit glib and use your "gift of gab" as a means of protecting yourself from emotional vulnerability.

Mars Sextile Asc. with an orb between 1 and 5 degrees

You have a tremendous amount of energy and, in a relationship, are happiest when you and your partner are actively participating in something together. You tend to be quite competitive and can even be somewhat combative. You should always avoid the timid.

Saturn Sextile MC with an orb between 1 and 5 degrees

You learned at an early age to be cautious with people in a position of authority. This reserve may also extend to personal relationships with those you may admire or respect. Old parenting issues inevitably infiltrate all of your close relationships.

Venus Sesquiquadrate Uranus with an orb between 1 and 2 degrees

You need to be close and you need to be free. This is a major life conflict which has always created complications for you in close personal relationships. One manifestation of this may be a tendency to pursue the unavailable or the unreliable.

Mercury Conjunct Venus with an orb between 5 and 8 degrees

Intelligence is sexy to you. If a person you find physically attractive isn't also bright, verbal and someone you can talk to, you're not interested. You have a highly developed aesthetic sense and are drawn to people of taste, wit and charm.

Mercury Conjunct Mars with an orb between 5 and 8 degrees

Since you tend to be rather irritable and sharp-tongued at times you require a partner with a sense of humor who is not too thin-skinned. You are bright, curious and restless and enjoy the company of those who are equally high-spirited and enterprising.

Mercury Square Jupiter with an orb between 5 and 8 degrees

Details are not your cup of tea. You are fascinated by philosophy and the world of ideas. You are a great talker and reader and your best companions will be those who share your concepts and ideals. You prefer professional people with a certain flair.

Pluto Square MC with an orb between 5 and 8 degrees

Power struggles often enter into your relationships - both personal and professional. You have an innate fear of being dominated owing to your experience with a controlling parent. Strong people fascinate you. You're a little afraid of people you love.

Mercury Trine Uranus with an orb between 5 and 8 degrees

You have an innovative turn of mind and may have a talent for an unusual subject. Your ideas are often considered to be ahead of your time. You can be somewhat impersonal and detached - even with close ties. You need to share controversial ideas with friends.

Page 7 of 8

Moon Conjunct Mercury with an orb between 8 and 10 degrees

You're sensitive and perceptive and in touch with your feelings. No matter how difficult a situation is, you feel you can deal with it if you can understand it. Someone who is less emotionally self-aware or expressive would make you feel uncomfortable. You like to discuss everything. Feelings that aren't acknowledged can't be discussed.

Sun does not aspect Moon

Your parents' interests and emotional natures, while not in violent conflict, were so different it was hard to understand how they ever came together. You associate close relationships with both longing and loneliness and may be unclear about roles.

Sun does not aspect Asc.

People do not receive an accurate first impression of you. Owing to shyness or lack of confidence, you have cultivated a persona which is not expressive of the person you experience yourself to be. This creates complications in personal relationships.
