## *Compatibility Forecast Report*

The Compatibility Forecast Report for

*David Beckham*

and

*Victoria Beckham*

21 January 2005 - 21 January 2006

The following astrological interpretations are based on the assumption that the two people involved have a close ongoing relationship. As long as the people involved are a couple, transits to the composite chart will be an influence. The closer the bond, the more the influences will be felt and perceived. Thus the interpretations will make the most sense if this is the primary relationship for both people.

*Jan 12, 2005 (Dec 31, 2004 to Mar 7, 2005) Jup Trine Moon*

An increased sense of well-being, contentment, abundance and ease emerges in your relationship now. You are very tolerant, forgiving, even indulgent toward one another right now as well. Expect blessings, helpfulness, or gifts from your families or those people the two of you have helped in the past. If the two of you struggle with an ongoing problem, difficulties can be eased now by reaching out for help.

*Jan 13, 2005 (Dec 19, 2004 to Feb 2, 2005) Ura Sxtil Sun*

New ideas, new people, and new ways of doing things are on the agenda. You encourage one another in new directions and bring out a spirit of creativity and experimentation in one another. You could make an exciting discovery by following the "coincidences" and spontaneous impulses that come to you.

*Jan 21, 2005 12 AM (Jan 19, 2005 to Jan 22, 2005) Mars Sxtil Moon*

Being together at this time energizes you both and you bring out the warmth, desire and vitality within each other. Any vigorous activity - from lovemaking to a spirited game of basketball - will be good for you both.

*Jan 21, 2005 2 PM (Jan 20, 2005 to Jan 22, 2005) Sun Sqr Ven*

Although you may really want to be together or relax and enjoy yourselves right now, some sort of obstacle temporarily hinders this. Also beware of excesses and indulging yourselves in too much of a good thing.

*Jan 23, 2005 9 AM (Jan 22, 2005 to Jan 24, 2005) Sun Sqr Merc*

Expect lively conversation, which can lead to bickering or arguing for the sake of an argument. You may get on one another's nerves a bit, or simply be unreceptive to what the other person is trying to convey. A short trip will be fun as long as you do not disagree on who should do the driving.

*Jan 24, 2005 9 AM (Jan 23, 2005 to Jan 25, 2005) Sun Sqr Sun*

Even if your relationship is basically sound, a challenge or crisis is apt to occur around this time. Your basic differences come out now, and can cause a sense of separateness or conflict. If you are harmonious most of the time, this will be relatively minor.

*Jan 25, 2005 8 PM (Jan 24, 2005 to Jan 26, 2005) Sun Trine Plu*

An intensification of your relationship occurs now, and whether this is pleasurable or not you will certainly not be relating to one another superficially. Beware of the tendency to try to re-make or change your partner in some significant way. Your interaction can be quite revitalizing, even transforming, for the both of you as long as neither is forcing his or her will upon the other.

*Jan 26, 2005 8 PM (Jan 25, 2005 to Jan 27, 2005) Sun Qucnx Sat*

Frustration, doubts, or feeling rather disconnected from one another colors this time period. Small problems may seem more serious than they are, and issues that do not have immediate, clear solutions may arise. Forbearance, patience, and a gentle approach are called for.

*Jan 26, 2005 10 PM (Jan 26, 2005 to Jan 27, 2005) Merc Sxtil Jup*

Talk turns to philosophical speculations, dreams for the future, and mutual aspirations. You help one another to see the big picture right now so petty immediate problems do not seem so important. This is a good time to see a comedy and to share humor.

*Jan 27, 2005 1 AM (Jan 26, 2005 to Jan 28, 2005) Sun Sqr Mars*

You aggravate one another for no particular reason, and conflicts may erupt over rather minor issues. This is especially true if one or the other has the tendency to dominate or try to tell the other what to do or how to do it. Pushiness will back fire now. As long as the two of you are not cooped up together - say on a long car ride or in a small office space - battles can be avoided, if you give one another plenty of breathing room.

*Jan 28, 2005 9 PM(Jan 28, 2005 to Jan 29, 2005) Merc Sqr Ura*

You stimulate, excite, and/or irritate one another intellectually now. Unexpected differences of opinion may arise which lead to a sudden change of plans or the reversal of an agreement you thought was certain. This is a brief fluctuation, however, so try to ride it through. Also, you both tend to thoughtlessly blurt things out which you may feel foolish about later.

*Jan 29, 2005 11 AM(Jan 28, 2005 to Jan 30, 2005) Ven Sxtil Jup*

The two of you are feeling playful and fun-loving together, so just about anything you do will be pleasant. Your good feelings are infectious and other people will want to be around you so it is a good time for company or going out together. A surprise gift from one of you to the other is likely too.

*Jan 30, 2005 1 AM(Jan 29, 2005 to Jan 31, 2005) Sun Sxtil Nep*

You are in a mellow and whimsical mood. This is a good time to listen to music together, go see a film, go to the theater, paint your bathroom lavender, give one another a relaxing massage, or share your dreams or fantasies with one another.

*Jan 30, 2005 7 AM(Jan 28, 2005 to Jan 31, 2005) Mars Sqr Jup*

The two of you may be over-estimating yourselves, over reacting, or tempted to take on a bigger challenge than you are actually prepared for. You tend to be "full of yourselves". Beware of becoming sloppy or thinking the law somehow does not apply to you.

*Jan 31, 2005 6 AM(Jan 30, 2005 to Feb 1, 2005) Merc Sqr Ven*

This is a favorable time to discuss matters of the heart -what you both want, need, wish for, long for, delighting. You are flirtatious and playful, also.

*Jan 31, 2005 10 PM(Jan 31, 2005 to Feb 1, 2005) Ven Sqr Ura*

A restless mood and a yearning for something different comes over the two of you. Perhaps you will want to do something you have not done in a long time, like going roller-skating, or dancing, or to see an erotic film. If you are both open and willing to experiment, you have some exiting, even thrilling, moments.

*Feb 1, 2005 9 AM(Jan 31, 2005 to Feb 2, 2005) Merc Sqr Merc*

Your communication with each other takes on the quality of a ping-pong match: quick, lively, but not necessarily purposeful. You may spat about trivial matters, or go on and on about very little.

You may enjoy word games, playing cards, or similar activities now. Intellectual and mental energies are stimulated.

*Feb 2, 2005 12 AM(Feb 1, 2005 to Feb 2, 2005) Merc Sqr Sun*

There is a sort of busy, quick, restless quality in the atmosphere between you now, and you could even get on one another's nerves a bit. Or, it could be mentally stimulating and fun, if a bit frenetic. It is not the best time to bring up a touchy subject, however, as you have a tendency to overstate yourselves or blurt out something you might regret.

*Feb 2, 2005 9 PM(Feb 2, 2005 to Feb 3, 2005) Merc Trine Plu*

If one or the other of you has been wanting to divulge a secret, bring up a grievance, or discuss something difficult, now is the time. Conversation is intense, revealing, and profound.

For entertainment the two of you will go for something intense - perhaps a psychological suspense thriller or an old Alfred Hitchcock film!

*Feb 3, 2005 1 PM(Feb 2, 2005 to Feb 4, 2005) Merc Qucnx Sat*

You tend to miss one another's messages right now, both literally and figuratively. Beware of blaming one another for simple human error.

*Feb 3, 2005 3 PM(Feb 3, 2005 to Feb 4, 2005) Merc Sqr Mars*

Nerves are edgy and tempers flare. You may feel inordinately irritated by the opinions and ideas expressed by your partner. What seems atrocious now, however, may well seem not worth fighting about later.

A hot game of tennis or some other one-on-one sport would be fine, as long as you leave the game behind when it is over. Apologize immediately for any rudeness toward one another.

*Feb 3, 2005 4 PM(Feb 2, 2005 to Feb 5, 2005) Mars Sxtil Ura*

If one of you is usually "old reliable" or resistant to trying new things, this is an excellent time to experiment with another way of being. You will want to break out of routines and staleness, and do something different, spontaneous, high-energy. You arouse each other to take action and make changes.

*Feb 3, 2005 11 PM(Feb 3, 2005 to Feb 4, 2005) Ven Sqr Ven*

Disagreements about personal tastes and styles, some lack of consideration or thoughtfulness, or one of you wanting more attention and affection will lead to... kissing and making up! Or, it will lead to an awareness that you need to be doing things differently to please one another as well as yourselves.

*Feb 5, 2005 10 AM(Feb 4, 2005 to Feb 6, 2005) Ven Sqr Merc*

You seek out amusement or entertainment that is just fun and which does not demand much of you intellectually or emotionally. You also enjoy flirting or teasing one another in a friendly way. Some of these "jokes" or playful remarks contain quite a bit of truth about your thoughts and feelings towards each other, but you sweeten them with humor and affection.

*Feb 5, 2005 11 AM(Feb 4, 2005 to Feb 6, 2005) Merc Sxtil Nep*

Being with one another now makes you both more open and sensitive to the nonrational, mysterious, supernatural, or miraculous aspects of life. Your psychic rapport with one another is heightened; amazing coincidences, or telepathic knowledge of one another is very likely. This is a good time to visit the ocean, lakeside, or your favorite contemplative spot together.

*Feb 6, 2005 5 AM(Feb 5, 2005 to Feb 7, 2005) Ven Sqr Sun*

This is a time of lighthearted pleasure and you encourage one another to relax, feel good, maybe a bit self-indulgent. Romance flourishes.

*Feb 6, 2005 10 PM(Feb 5, 2005 to Feb 7, 2005) Sun Conj Moon*

At this time your shared history or events from the past dominate your relationship. If it is a relatively new relationship, you may find out something particularly personal and intimate about your partner which increases your feelings of closeness. If you have been together quite a while and your relationship is sound, the comfort, security, and sense of belonging you have with one another will be emphasized.

You will see what habits you have developed as a couple, and whether or not you are emotionally satisfied, feel supported, and are feeling close to one another. If hurt feelings over past behavior come up now, let the aggrieved one fully share those feelings. Simply LISTEN and RECEIVE one another. A tone of nostalgia, or longing for what was, may pervade this time period.

*Feb 7, 2005 10 AM(Feb 6, 2005 to Feb 8, 2005) Ven Trine Plu*

The two of you can experience the magical, transforming power of love, if you are willing to really be vulnerable and open with one another now. Sexual and emotional healing through deep contact, deep acceptance, and your love for one another can occur. Share the longings you have had, the secret wishes and desires, and the losses you still carry. Superficial relating is not on the agenda now.

*Feb 8, 2005 6 AM(Feb 7, 2005 to Feb 9, 2005) Ven Qucnx Sat*

You have difficulty connecting to one another right now, and either or both of you may want to separate or temporarily withdraw from the relationship. Fortunately this is apt to be short-lived if your relationship is essentially good. Use this time to clue yourselves in to what could be improved in your ways of relating to one another.

*Feb 8, 2005 9 AM(Feb 7, 2005 to Feb 9, 2005) Ven Sqr Mars*

Tensions in the sexual aspect of your relationship - perhaps due to differing interests, desires, preferences, or love styles - can cause some friction now. Most likely one of you is more ready than the other. Trying to balance the satisfaction of your own desires versus pleasing your partner is at issue here.

*Feb 9, 2005 2 AM(Feb 7, 2005 to Feb 10, 2005) Mars Trine Ven*

A wonderful time for love and romance! The spirit of Eros is alive and flowing between you. You will be feeling very warm, sexy, loving and affectionate toward one another. Creative projects are favored also.

*Feb 10, 2005 3 AM(Feb 9, 2005 to Feb 11, 2005) Merc Conj Moon*

Go for a walk in the moonlight! This is a time for intimate confidences and sharing your personal stories with one another. A flow of mutual understanding, sympathetic interest, trust, and support can make this a special time.

*Feb 10, 2005 8 PM(Feb 10, 2005 to Feb 11, 2005) Ven Sxtil Nep*

The emotional and energetic boundaries between the two of you soften, and you merge much more easily now. You are likely to be more understanding, forgiving, compassionate toward one another. Gestures like flowers, or an unselfish offer to relieve the other's burden in some way will be gladly accepted.

*Feb 11, 2005 3 PM(Feb 10, 2005 to Feb 13, 2005) Mars Trine Merc*

This would be a great time for the two of you to go hiking, backpacking, bicycling or do something else that gets you moving and maybe sweating a bit. You will want to be active. Expect lively conversation and debate as well.

*Feb 13, 2005 2 AM(Feb 11, 2005 to Feb 14, 2005) Mars Trine Sun*

You strengthen and bring out the positive, active, vital energies in one another now. Being together will build your confidence, and you can get a lot done smoothly and with less struggle. You assist one another in taking on a challenge.

*Feb 15, 2005 4 AM(Feb 13, 2005 to Feb 16, 2005) Mars Sqr Plu*

If there is any underlying rivalry, hidden anger, or resentment toward one another for any reason, it will surface now to be dealt with. If this has been going on unacknowledged for some time, a fierce battle could erupt. Even if none of these dynamics exists in your relationship, beware of domineering attitudes now; any attempt to force your desire against your partner's will spells TROUBLE!

*Feb 15, 2005 1 PM(Feb 14, 2005 to Feb 16, 2005) Merc Trine Ura*

The tone is brisk, and intellectually stimulating. Lots of fresh, original ideas are flowing between you now, and you may want to write down some of these inspirations for later evaluation.

*Feb 16, 2005 10 AM(Feb 15, 2005 to Feb 17, 2005) Sun Trine Ura*

Excitement is in the air between you. Together you enjoy experimenting, inventing something new, varying your routine. Even if you have not been together long enough to have established a routine or set patterns, you will enjoy expressing your eccentric, impulsive, or adventurous sides with one another.

*Feb 16, 2005 3 PM(Feb 15, 2005 to Feb 18, 2005) Mars Oppos Sat*

You are apt to be ill-humored, easily irritated or frustrated with each other now. Perhaps you believe the other person is purposely opposing and blocking you, or trying to be difficult, which most likely is not so. Patience and a willingness to find the humor in the situation will help.

*Feb 16, 2005 10 PM(Feb 15, 2005 to Feb 18, 2005) Mars Trine Mars*

This is an excellent time to begin a project together, or to rekindle your interests in something you might have begun together earlier and put aside. Any kind of sport or physical activity you enjoy together is favored now also. Just about anything you do as a couple will be successful now due to your combined enthusiasm for the project.

*Feb 17, 2005 5 AM(Feb 16, 2005 to Feb 18, 2005) Ven Conj Moon*

This is a very soulful, sweet time. Love, tenderness, and affection blossom between you. If things have not been going so well, you will be especially remorseful about that now and try to make amends. Kindness and caring of one another's heart is more important than being right.

*Feb 17, 2005 3 PM(Feb 17, 2005 to Feb 18, 2005) Merc Sxtil Ven*

This is a pleasant, lighthearted time. Save the heavy subjects or deep emotional discussions for another day. Socializing, visiting friends, going shopping for fun, or some other bit of frivolity would be just right.

*Feb 18, 2005 3 PM(Feb 18, 2005 to Feb 19, 2005) Merc Sxtil Merc*

There is mental and intellectual compatibility between you now. Even if you usually disagree on any number of topics, you will find areas of harmony and agreement. Thus it is a good time for discussion, or just being together. Friends come into the picture as well.

*Feb 19, 2005 4 AM(Feb 18, 2005 to Feb 20, 2005) Merc Sxtil Sun*

There is a good flow of ideas and conversation now, and you certainly will not be bored as being in one another's presence stimulates you intellectually and mentally. The emphasis is on curiosity, exchanging thoughts, clarity, and understanding.

*Feb 19, 2005 11 PM(Feb 19, 2005 to Feb 20, 2005) Merc Qucnx Plu*

What begins as an innocent discussion, may bring some painful topic to the surface. Avoid the tendency to try to subtly coerce one another into believing, seeing, or understanding things as the other does. While no overt argument may occur, below-the-surface tension can create an uneasy feeling.

*Feb 20, 2005 5 AM(Feb 19, 2005 to Feb 21, 2005) Sun Sxtil Ven*

Conviviality is featured now. This is a great time to spend just relaxing or having fun together, and you will want to include other friends or loved ones as well.

Affection flows freely. This is also a favorable time to work out differences or difficulties you have been having, as a spirit of cooperation permeates your interactions with one another at present.

*Feb 20, 2005 12 PM(Feb 19, 2005 to Feb 21, 2005) Merc Trine Sat*

Topics under discussion now: money, investments, material security, practical realities and limitations and how they figure in to mutual wishes and desires. If your relationship is fairly new, keep your eyes and ears open to discover how the other person deals with or avoids adult responsibility.

*Feb 20, 2005 3 PM(Feb 20, 2005 to Feb 21, 2005) Merc Sxtil Mars*

This is a good time to plan a joint work project, or to do something together that requires both brain and muscle. You are an effective team right now.

*Feb 22, 2005 12 AM(Feb 20, 2005 to Feb 22, 2005) Sun Sxtil Merc*

If the two of you need to attend to any business matters, commercial negotiations, or joint projects, this is a good time. Communications are favored.

*Feb 22, 2005 6 AM(Feb 21, 2005 to Feb 23, 2005) Merc Sqr Nep*

Talking to one another now is apt to be confusing, bewildering, or just plain strange. It is likely that one or the other of you will entirely forget crucial pieces of information -or the entire conversation! Concrete plans are apt to go awry, for reasons unclear or unknown. Obviously this is not the time to make serious decisions, or to buy something you will both have to live with for some time to come. This is a fine time, however, to dream and imagine together, or to immerse yourselves in some fantasy - the theater or a film perhaps.

*Feb 22, 2005 (Dec 31, 2004 to Mar 7, 2005) Jup Trine Moon*

An increased sense of well-being, contentment, abundance and ease emerges in your relationship now. You are very tolerant, forgiving, even indulgent toward one another right now as well. Expect blessings, helpfulness, or gifts from your families or those people the two of you have helped in the past. If the two of you struggle with an ongoing problem, difficulties can be eased now by reaching out for help.

*Feb 23, 2005 12 AM(Feb 22, 2005 to Feb 23, 2005) Sun Sxtil Sun*

This is a good time for the two of you to be social together. Accept invitations, or extend them, join friends, neighbors or other groups you enjoy. If you are working together on a project, that too will go well. Cooperation and mutual encouragement are the tone of this time period.

*Feb 24, 2005 11 AM(Feb 23, 2005 to Feb 25, 2005) Sun Qucnx Plu*

A rather uncomfortable awareness of unavoidable changes, loss, or death comes in at this time. "Hints" or indications that some change in attitude is needed should not be ignored. Stubborn willfulness on either of your parts can create tension between you now, or lay a foundation for future troubles.

*Feb 24, 2005 9 PM(Feb 24, 2005 to Feb 25, 2005) Ven Trine Ura*

Spontaneous playfulness, singing, dancing, or lovemaking adds zest to your time together. Music and movement open you up. Your rhythms are in harmony.

*Feb 25, 2005 12 PM(Feb 24, 2005 to Feb 26, 2005) Sun Trine Sat*

This is a good time for the two of you to undertake something that involves delaying gratification for some mutual long-range goal, perhaps making a joint financial investment or,

if your relationship is new, getting to know one another by doing something very ordinary and mundane, like helping one another with chores or errands. An atmosphere of trustworthiness and stability is created between you.

*Feb 25, 2005 5 PM(Feb 24, 2005 to Feb 26, 2005) Sun Sxtil Mars*

You can accomplish a lot together right now. Hard work or strenuous physical play is favored. Being together puts both of you in a self-assertive mood, but not so much that you run over each other's desires or feelings. Actually you will be a strong force together at this time.

*Feb 27, 2005 11 PM(Feb 27, 2005 to Feb 28, 2005) Ven Sxtil Ven*

You are unusually friendly, open, and agreeable as a couple now. Social gatherings, meeting people, and joining with friends or would-be friends are favored. The feelings between the two of you are sweet as well.

*Feb 28, 2005 5 PM(Feb 27, 2005 to Mar 1, 2005) Sun Sqr Nep*

Do all you can to avoid confusion, ambivalence, vagueness, or misunderstanding between you right now. At the same time, try to be forgiving of one another for lapses or mix-ups which do occur. The atmosphere between you is temporarily foggy and uncertain.

*Mar 1, 2005 (Feb 11, 2005 to Mar 19, 2005) Ura Trine Sat*

There is a good balance between discipline, security and commitment with wildness, discovery and freedom. Old "ruts" and patterns are relatively easy to change now, also.

*Mar 1, 2005 9 AM(Feb 28, 2005 to Mar 2, 2005) Ven Sxtil Merc*

You are in a lighthearted social mood together. Meeting with friends, or perhaps going out to the theater or anywhere you can contract pleasantly with other people is favored. Overall, the energy between you is agreeable, friendly and good humored.

*Mar 2, 2005 1 AM(Mar 1, 2005 to Mar 3, 2005) Merc Conj Jup*

At this time your conversations will turn philosophical and/or futuristic. Optimistic plans and possibilities are featured. This is a wonderful time to travel together, especially to faraway or exotic places. This is also a good time to find out if your partner believes the two of you have a future together.

*Mar 2, 2005 5 AM(Mar 1, 2005 to Mar 3, 2005) Ven Sxtil Sun*

You are feeling sociable and festive together now. Spend time with people you enjoy or attend a cultural event together. In general, you are getting along beautifully now.

Page 12 of 65

*Mar 3, 2005 9 AM(Mar 2, 2005 to Mar 4, 2005) Ven Qucnx Plu*

Issues of power and control arise between you. Any unspoken "bargains" you have made with each other which disempowers one or both of you in order to please the other, may be up for change. Unreasonable fears of loss, or jealousy could also emerge.

*Mar 3, 2005 7 PM(Mar 3, 2005 to Mar 4, 2005) Merc Qucnx Ura*

If you spend time together now, expect some moments of tension or nerve-wracking little "surprises". Flexibility, tolerance, and a sense of humor is the best medicine right now.

*Mar 4, 2005 5 AM(Mar 3, 2005 to Mar 5, 2005) Ven Trine Sat*

Things are on an even keel between you right now. Though not necessarily wildly exciting or the stuff dreams are made of (unless you have some other astrological influence operating), being with one another is comforting, reassuring, stabilizing. Quiet pastimes are favored.

*Mar 4, 2005 9 AM(Mar 3, 2005 to Mar 5, 2005) Ven Sxtil Mars*

You are attuned to one another romantically and sexually, and you seem to know just what would please and delight one another. Even if you are not lovers, there is a flow of warmth and pleasure between you so that you enjoy being together.

*Mar 4, 2005 (Feb 15, 2005 to Mar 22, 2005) Ura Sxtil Mars*

At this time you encourage one another to be bolder and to take more risks. You will not want to be passive or just sit and talk while you are together, either. Action, adventure, and slightly risky (or maybe very risky!) types of endeavors will appeal to you now.

*Mar 6, 2005 8 PM(Mar 6, 2005 to Mar 7, 2005) Ven Sqr Nep*

You are probably not seeing one another very realistically right now - nor do you want to. Erotic imagination, fantasy, and your wishes for love color your perceptions of one another and your relationship. If your partner does not fulfill your dreams or even have any interest in them, you may well be disenchanted.

*Mar 8, 2005 10 PM(Mar 8, 2005 to Mar 9, 2005) Merc Oppos Plu*

Your communication with one another is intense and penetrates right to the heart of matters. One of you may confront the other with something which was previously swept under the rug, or you may unintentionally bring up a topic that reopens an old wound for the other person.

Passionate opinions and convictions are expressed; beware of running over each other's right to hold a different point of view. If you go overboard in defending some position, try to make amends quickly.

*Mar 9, 2005 6 PM(Mar 8, 2005 to Mar 10, 2005) Merc Sqr Sat*

This can be a frustrating and very unsatisfying time, as far as communicating with one another goes. You can totally misread or misunderstand one another. You may be disinterested, threatened, or resistant to what the other person is saying, or dislike how they are saying it.

Positively, you could work to solve some difficult problem or engage in some tedious but necessary task together.

*Mar 12, 2005 1 PM(Mar 11, 2005 to Mar 13, 2005) Merc Trine Nep*

A shared flight of imagination brings pleasure: you could write a song together, discuss your latest psychic experiences, visit a tarot card reader, plan an exotic vacation, talk about your dreams. Spiritual topics or otherworldly tales fascinate you now. You may want to see a film that interests the idealistic, believing, hopeful sides of you.

*Mar 13, 2005 10 AM(Mar 12, 2005 to Mar 14, 2005) Mars Sxtil Jup*

You will want to do something active, social and fun together right now, nothing too passive or intellectual. Dancing, team sports, or even a big noisy gathering of some kind would agree with the two of you.

*Mar 15, 2005 5 AM(Mar 14, 2005 to Mar 16, 2005) Sun Conj Jup*

Hope and optimism permeates your relationship at this time. You see what is good about being together, as well as where your relationship is headed and what the possibilities are. If you have not been getting along well, this is a time to bury the hatchet and start over again. Tolerance, generosity, and forgiveness flow more easily, and you are more concerned with your future rather than your past. This is a time to make plans, and perhaps set some long-range goals for yourselves. You also may want to do something expansive and freeing, like taking a trip or doing something you have never done before as a couple.

*Mar 17, 2005 6 PM(Mar 16, 2005 to Mar 19, 2005) Mars Sqr Ura*

A spirit of recklessness, wild adventurousness, even dare-devilishness comes over the two of you. One or both of you experiences a sudden impulse to do something totally different or to make some radical change. Give each other plenty of space and breathing room right now. You will operate best in an atmosphere of total freedom at the moment.

*Mar 18, 2005 8 AM(Mar 17, 2005 to Mar 19, 2005) Sun Qucnx Ura*

Right now expect minor upsets, an unavoidable change for "something different" which only one of you is interested in. All of this may be rather subtle, but tension-producing nonetheless. Laughter is good medicine in times like these.

*Mar 18, 2005 11 AM(Mar 17, 2005 to Mar 19, 2005) Ven Conj Jup*

Optimism, good humor, and big heartedness set the tone now. This is a time for gift-giving or buying something beautiful that the two of you will share. However, you bring out any inclinations toward extravagance and excess that either of you has, and you could spend too much or in some other way overdo a good thing. You will want to dress up and go to a party, put on some festive event yourself, or go out to the poshest place you know.

*Mar 20, 2005 10 PM(Mar 20, 2005 to Mar 21, 2005) Ven Qucnx Ura*

Expect minor disruptions, a sudden change of heart about something you both wanted previously, an overture that comes at the wrong time. Though relatively trivial, these things can make for some unsettled moments between you.

*Mar 23, 2005 1 AM(Mar 21, 2005 to Mar 24, 2005) Mars Sqr Ven*

One of you may feel more passionate and amorous than the other, or seem to be more interested in self-gratification than in relating sensitively and lovingly. This can lead to conflict in or out of the bedroom. If handled with care, however, romance will flourish.

*Mar 25, 2005 12 PM(Mar 24, 2005 to Mar 26, 2005) Mars Sqr Merc*

Arguments and disputes break out rather quickly now. You may feel you must either bite your tongue or lash out verbally. Be careful, though, because sharp words now could leave scars.

*Mar 26, 2005 12 PM(Mar 25, 2005 to Mar 27, 2005) Sun Oppos Plu*

There is a definite element of unavoidable fate or of having to finally deal with something the two of you may have ignored up until now. On a practical level, material objects or machinery may break down, need repair, or have to be thrown out. Psychologically, "stuff" that has not been dealt with between you emerges in some manner. There may be an intense encounter between the two of you, or between the both of you and someone or something in your environment.

*Mar 26, 2005 10 PM(Mar 25, 2005 to Mar 28, 2005) Mars Sqr Sun*

Impatience, irritability and anger flare up between you quite readily now. If one of you makes the other wait or insists upon doing something the other really does not want to do, expect trouble. Even if you usually go along just to please your partner, now, you will protest. If your relationship is tempestuous even in the best of times, you could battle ferociously now.

Dynamics in your relationship that have been operating beneath the surface begin to emerge. Hidden desires and unspoken sexual longings, past hurts or unmet needs, or any destructive ways of being with each other may be revealed. Feelings are intensified and brought to the surface.

*Mar 27, 2005 (Jan 31, 2005 to May 23, 2005) plu sqr jup*

Your shared goals and aspirations are intensified now, and you bring out the ambitious nature in one another. There is a danger that you could overextend yourselves in some way, due to over-confidence, greed, or simply getting carried away.

*Mar 27, 2005 2 PM(Mar 26, 2005 to Mar 28, 2005) Sun Sqr Sat*

This is a time when the demands, needs, or desires of one of you can feel restrictive or like too much of a sacrifice of personal time and energy to the other. A withdrawal, temporary separation, or reordering of priorities is likely. Beware of becoming paternalistic, burdening one another, or having expectations of one another that are not mutually agreed upon.

*Mar 28, 2005 7 AM(Mar 27, 2005 to Mar 29, 2005) Ven Sqr Sat*

You may be having some serious reservations about this relationship right now, perhaps because you are focusing on the lacks, flaws and least pleasing aspects of one another. Your mutual fears, insecurities and barriers to love and intimacy are up right now. Although unpleasant, it would be wise to take responsibility for your unhappiness rather than conveniently blaming the other. Temporarily pulling back and having some solitude may not be a bad idea.

*Mar 28, 2005 11 PM(Mar 27, 2005 to Mar 30, 2005) Mars Trine Plu*

There is an intensity and fervor to whatever you do together now. You can have a profound sexual or creative experience, depending on how you decide to direct your energies as a couple. This is also a good time to eliminate or rid yourselves of something you no longer want.

*Mar 30, 2005 10 AM(Mar 29, 2005 to Mar 31, 2005) Mars Qucnx Sat*

Very poor timing can make for some tense, unpleasant, frustrating times. The two of you may have to re-do something you thought you had already finished.

Now is a time to see how the two of you handle conflict, because this is a period of friction and potentially explosive tension between you. Ego and competitive energies run high. What you could ignore or overlook in other times may irritate you tremendously now. Even if the two of you do not feel like fighting with one another, there may be anger over circumstances that neither of you can control.

*Mar 30, 2005 8 PM(Mar 29, 2005 to Mar 31, 2005) Sun Trine Nep*

You are very open and physically sensitive to one another at the moment, and can experience unusual extrasensory perception, or telepathy with one another. You are in a dreamy, imaginative space together. Perhaps you can take a long walk on the beach and tell one another your dreams.

*Mar 30, 2005 10 PM(Mar 30, 2005 to Mar 31, 2005) Ven Trine Nep*

This is a time of romantic imaginings and of escaping from the ordinary and prosaic. You may want to visit a beautiful church or an art gallery or some inspiring place in nature together. Make sweet harmonies together, gaze at the stars, open your hearts.

*Apr 6, 2005 8 AM(Apr 5, 2005 to Apr 7, 2005) Ven Sxtil Moon*

This is a good time for the two of you to join friends or relatives in their homes, or to invite others to yours. You are in sync with one another and cooperate easily without a lot needing to be said. If children are a part of your life, they will bring something valuable into the scene.

*Apr 14, 2005 2 AM(Apr 13, 2005 to Apr 15, 2005) Ven Oppos Ura*

Impulsiveness, a need for sexual freedom, and a new awakening to love are themes now. If things have become dull and routine between you this will be a time for that to change. One or both of you wants to shake things up.

*Apr 14, 2005 9 PM(Apr 13, 2005 to Apr 16, 2005) Mars Conj Moon*

You evoke quick, definite, passionate responses in one another right now. Patience and forbearance are in short supply, and you are not very conciliatory toward one another. Tempers may flare. If fiery emotional scenes turn you on, you will enjoy yourselves.

*Apr 17, 2005 4 AM(Apr 16, 2005 to Apr 18, 2005) Ven Conj Ven*

This is your own personal valentine's day, a time to celebrate your love, join in love, revel in love. If the two of you have been together for some time, it can be a day of renewing your love for each other and beginning again. But if the two of you do not feel romantic or affectionate towards one another now, it is unlikely that amour will ever flourish between you.

*Apr 17, 2005 6 PM(Apr 16, 2005 to Apr 18, 2005) Sun Oppos Ura*

Restlessness, impatience, sudden changes of plans, or an unexpected event colors your relationship now. You are likely to throw caution to the wind and act impulsively together. If one or both of you is innately very cautious, it may be uncomfortable for you to be in one another's presence now.

*Apr 18, 2005 3 PM(Apr 17, 2005 to Apr 19, 2005) Ven Conj Merc*

Being in one another's company lightens you both up. You share good humored observations about one another and your relationship. You may discuss your personal tastes and preferences in styles, and even if these vastly differ, you are not inclined to argue or disagree. You avoid heavy or serious topics now. Visiting friends or taking a stroll through some pleasant scenery would be just right.

*Apr 19, 2005 11 AM(Apr 18, 2005 to Apr 20, 2005) Ven Conj Sun*

the sake of your relationship, so even if you do not do anything special, the day runs smoothly.

*Apr 20, 2005 4 PM(Apr 19, 2005 to Apr 21, 2005) Ven Qucnx Plu*

Issues of power and control arise between you. Any unspoken "bargains" you have made with each other which disempowers one or both of you in order to please the other, may be up for change. Unreasonable fears of loss, or jealousy could also emerge.

*Apr 21, 2005 12 PM(Apr 20, 2005 to Apr 22, 2005) Ven Sxtil Sat*

You get an opportunity to show loyalty, dependability, and that you want to be there for one another in foul weather as well as fair. It may seem like not much is happening, a humdrum kind of time. Can you enjoy each other even when there are no fireworks?

*Apr 21, 2005 4 PM(Apr 20, 2005 to Apr 22, 2005) Ven Conj Mars*

*Apr 21, 2005 4 PM(Apr 20, 2005 to Apr 22, 2005) Sun Conj Ven*

The affection and attraction you feel for one another is very strong now. You see the beauty in one another's presence. If you spend time together, do not expect to get much work done. This is a time for love, pleasure, romance, or relaxation as a couple. You can make this one of those "very special occasions". If your relationship is rocky at present, this can be a time of peaceably reconciling matters, or at least a truce.

A vague feeling of dissatisfaction or confusion arises now. One of you feels you are sacrificing too much, or you just don't know where the other person is coming from. Check out your concerns and perceptions with one another because something you may be imagining about your partner is likely to be not quite true.

*Apr 24, 2005 2 PM(Apr 23, 2005 to Apr 25, 2005) Sun Conj Sun*

This is an important day to be together and to affirm, strengthen, and celebrate your relationship. The way you are together now can tell you a lot about your shared purpose and the essential reasons the two of you came together in the first place.

If things have not been going so well between you, this is also a time when matters can be opened up and clarified.

*Apr 26, 2005 2 AM(Apr 25, 2005 to Apr 27, 2005) Sun Qucnx Plu*

A rather uncomfortable awareness of unavoidable changes, loss, or death comes in at this time. "Hints" or indications that some change in attitude is needed should not be ignored. Stubborn willfulness on either of your parts can create tension between you now, or lay a foundation for future troubles.

Heat, passion, and vitality infuse your relationship now. Being together will fire you both up. This can lead to fiery love making, working vigorously together to accomplish some joint task, or to heated disputes and rivalries. To get the best from this time period, neither of you should attempt to dominate or tell the other what to do. Accidents could occur if you allow anger to get out of hand.

*Apr 30, 2005 2 PM(Apr 29, 2005 to May 1, 2005) Ven Sqr Moon*

Spiritual optimism, spiritual openness, and a "willingness to suspend disbelief" set the tone for this time period. Occurrences of a miraculous, synchronistic, or angelic nature are drawn into your sphere. Spend at least part of your time together playing with your dreams and imaginations.

*May 7, 2005 7 AM(May 5, 2005 to May 8, 2005) Mars Sxtil Sun*

*May 8, 2005 10 AM(May 7, 2005 to May 9, 2005) Ven Qucnx Ura*

Expect minor disruptions, a sudden change of heart about something you both wanted previously, an overture that comes at the wrong time. Though relatively trivial, these things can make for some unsettled moments between you.

*May 8, 2005 5 PM(May 7, 2005 to May 9, 2005) Sun Sqr Moon*

There is a definite tendency for one of you to unwittingly override the other's feelings, wishes, or unspoken needs, which can cause some tension between you. You may be somewhat at odds or out of touch with one another. However, if both of you will take responsibility for voicing your wishes, even if they seem rather childish or needy, your time together can be intimate and satisfying.

*May 9, 2005 8 AM(May 7, 2005 to May 10, 2005) Mars Qucnx Plu*

Unintentional roughness or forcefulness can create tension between you. You may break something or accidentally do damage if not careful. Be gentle with each other as well.

*May 10, 2005 7 PM(May 9, 2005 to May 12, 2005) Mars Trine Sat*

If the two of you work together in any capacity, this is a time you will buckle down, focus, and get some real work done. You bring out a spirit of enthusiasm and confidence in one another now and you can get a lot done together. You are apt to reinforce and aid one another rather than fight or get in each other's way. Anything you undertake as a couple should work out very well indeed.

*May 13, 2005 9 AM(May 12, 2005 to May 14, 2005) Merc Conj Ven*

The two of you talk and think about what you like, love, appreciate, and enjoy in one another. This is the time to let your romantic or heartfelt emotions be expressed, especially in words. Send a card, a love note, or poem.

*May 14, 2005 12 PM(May 13, 2005 to May 15, 2005) Merc Conj Merc*

This is an excellent time to connect with one another. You come together over common interests and ideas. Clear verbal communication is favored, and this is a fine time to take a short trip also.

*May 15, 2005 12 AM(May 14, 2005 to May 16, 2005) Ven Trine Plu*

The two of you can experience the magical, transforming power of love, if you are willing to really be vulnerable and open with one another now. Sexual and emotional healing through deep contact, deep acceptance, and your love for one another can occur. Share the longings you have had, the secret wishes and desires, and the losses you still carry. Superficial relating is not on the agenda now.

*May 15, 2005 2 AM(May 14, 2005 to May 16, 2005) Merc Conj Sun*

Your energies meet on a mental or intellectual level at this time. Communication between you is clear and open. You can learn a lot about what this relationship is all about, as well as how the other person sees and experiences you. If one of you is usually more articulate and verbal than the other, that person is likely to take the lead today.

*May 15, 2005 6 AM(May 13, 2005 to May 16, 2005) Mars Sqr Nep*

Either or both of you experience a vague sense of dissatisfaction or confusion about what you want right now. What is in fact happening is that you are wanting to act out some fantasy or dream-wish, and are uncertain or unclear about it. You encourage each other to pursue the impossible dream - which may not be impossible at all if you are able to distinguish fact from fiction and are completely honest with each other. Some kind of weirdness and a taste for the bizarre or unattainable are part of the scenario.

*May 15, 2005 11 AM(May 14, 2005 to May 16, 2005) Sun Sxtil Jup*

a bid accepted on a joint purchase you both want very much. This is also a good time for the two of you to circulate, attend social or cultural events, and be with people.

*May 15, 2005 11 PM(May 15, 2005 to May 16, 2005) Merc Qucnx Plu*

What begins as an innocent discussion, may bring some painful topic to the surface. Avoid the tendency to try to subtly coerce one another into believing, seeing, or understanding things as the other does. While no overt argument may occur, below-the-surface tension can create an uneasy feeling.

*May 16, 2005 2 PM(May 15, 2005 to May 17, 2005) Merc Sxtil Sat*

This is a good time to air your concerns or minor grievances with one another, or to talk about changes you would like to make to improve your relationship. How money is spent, who pays for what, how much time you want to devote to being together, changing living arrangements, or other practical matters are likely to be emphasized now.

*May 16, 2005 4 PM(May 16, 2005 to May 17, 2005) Merc Conj Mars*

You are intellectually competitive with one another, ready to vigorously defend your positions, opinions, ideas, and beliefs. Thus can make for some stimulating debate - or for bruising one another with words. Be careful not to step over the line between being blunt with honesty and bludgeoning each other with the truth.

*May 18, 2005 10 AM(May 17, 2005 to May 19, 2005) Merc Qucnx Nep*

As a twosome, you are not likely to have very sound judgment or clear perceptions right now. Fantasies, illusions, even a seemingly innocent "white lie" can cloud the atmosphere between the two of you, and someone is apt to get rather confused.

Obviously this is not a time to make practical commitments or decisions that will affect both of you for a long time. Make every effort to be unambiguous and truthful right now.

*May 18, 2005 12 PM(May 17, 2005 to May 19, 2005) Ven Oppos Nep*

Wishes, fantasies, and sweet dreams of love color your responses to one another now. This can be a particularly enchanting, even intoxicating time - or a disappointing one if your partner does not fulfill your ideals. Share your heart's secret wishes with one another.

*May 18, 2005 4 PM(May 17, 2005 to May 19, 2005) Sun Qucnx Ura*

Right now expect minor upsets, an unavoidable change for "something different" which only one of you is interested in. All of this may be rather subtle, but tension-producing nonetheless. Laughter is good medicine in times like these.

During this cycle the emotional and psychic boundaries between you blur and become much more permeable. This means you will be much more sensitive to one another's feelings and inner experience, perhaps so much so that you believe them to be your own and you take on one another's energies and emotions.

You also bring out the idealistic and imaginative sides of one another, and there may be a reluctance to deal with practical, "real-world" concerns. Enchanted evenings and dreamy days are much more likely now.

*May 22, 2005 4 PM(May 22, 2005 to May 23, 2005) Merc Sqr Moon*

Words are backed up with a lot of emotion and feeling. This can be a good time to ventilate and air out some unspoken wishes, needs, or feelings. Recognize that you are talking about feelings and emotional realities, not necessarily facts. You could have a dispute over differing memories or interpretations of the same event.

*May 25, 2005 12 AM(May 24, 2005 to May 26, 2005) Ven Trine Moon*

You make sweet music together now. Emotional understanding, harmony, and cooperation flow between you, and anything you do together will work out splendidly. Parties and all sorts of festive events are favored, especially if they happen at home.

*May 25, 2005 10 PM(May 25, 2005 to May 26, 2005) Merc Sxtil Jup*

Talk turns to philosophical speculations, dreams for the future, and mutual aspirations. You help one another to see the big picture right now so petty immediate problems do not seem so important. This is a good time to see a comedy and to share humor.

*May 27, 2005 3 AM(May 26, 2005 to May 28, 2005) Sun Trine Plu*

An intensification of your relationship occurs now, and whether this is pleasurable or not you will certainly not be relating to one another superficially. Beware of the tendency to try to re-make or change your partner in some significant way. Your interaction can be quite revitalizing, even transforming, for the both of you as long as neither is forcing his or her will upon the other.

*May 27, 2005 10 AM(May 26, 2005 to May 28, 2005) Merc Qucnx Ura*

If you spend time together now, expect some moments of tension or nerve-wracking little "surprises". Flexibility, tolerance, and a sense of humor is the best medicine right now.

*May 30, 2005 8 AM(May 29, 2005 to May 31, 2005) Ven Sqr Jup*

You put each other in the mood for a good time. Together the two of you are inclined to

foolishly overdo or splurge on something you can't really afford. A mutual friend in need may be the beneficiary of your generosity but beware of lending, giving, or promising more than you should. You may want to give extravagantly to one another too.

*May 31, 2005 5 AM(May 30, 2005 to June 1, 2005) Merc Trine Plu*

If one or the other of you has been wanting to divulge a secret, bring up a grievance, or discuss something difficult, now is the time. Conversation is intense, revealing, and profound.

For entertainment the two of you will go for something intense - perhaps a psychological suspense thriller or an old Alfred Hitchcock film!

*May 31, 2005 2 PM(May 30, 2005 to June 1, 2005) Sun Oppos Nep*

You are probably not seeing one another very clearly right now. In fact, a soft cloud of fantasy or imagination hovers around the two of you. Confusions and mix-ups are very likely now, so be especially careful to check with one another regarding facts and mundane details.

*June 1, 2005 9 PM(June 1, 2005 to June 2, 2005) Ven Trine Ura*

Spontaneous playfulness, singing, dancing, or lovemaking adds zest to your time together. Music and movement open you up. Your rhythms are in harmony.

*June 2, 2005 4 AM(June 1, 2005 to June 3, 2005) Merc Oppos Nep*

This is not a good time to give one another direction, arrange to meet someplace you have never gone before, or, in fact, much of anything that requires clear, logical thought and action. Muddled communication and misreading one another in some small but critical way is very likely. Make every effort to be clear and direct with each other, as confusion abounds right now.

*June 2, 2005 (May 23, 2005 to June 11, 2005) Sat Trine Jup*

This is a period of equilibrium. You accept one another and your relationship as it is, while still aiming to improve or enrich it. You can help one another attain your individual or professional goals at this time as well.

*June 4, 2005 2 PM(June 3, 2005 to June 5, 2005) Mars Conj Jup*

You encourage confidence, positive belief, and positive action in one another right now so that whatever you do together is likely to succeed. This is an excellent time to birth any joint enterprise, business or creative endeavor. Decisiveness combined with vision and foresight enable you to do something grand. On another level, vacations or journeys that involve physical effort and activity, such as hiking or camping, are favored now.

You are unusually friendly, open, and agreeable as a couple now. Social gatherings, meeting people, and joining with friends or would-be friends are favored. The feelings between the two of you are sweet as well.

*June 5, 2005 7 PM(June 5, 2005 to June 6, 2005) Merc Trine Moon*

You may want to visit "the old stamping grounds", go see family, or some way revisit the past together. There is a wonderful flow of understanding and sympathetic rapport between you; words may not be necessary.

*June 6, 2005 11 AM(June 5, 2005 to June 7, 2005) Ven Sxtil Merc*

You are in a lighthearted social mood together. Meeting with friends, or perhaps going out to the theater or anywhere you can contract pleasantly with other people is favored. Overall, the energy between you is agreeable, friendly and good humored.

*June 7, 2005 7 AM(June 6, 2005 to June 8, 2005) Ven Sxtil Sun*

You are feeling sociable and festive together now. Spend time with people you enjoy or attend a cultural event together. In general, you are getting along beautifully now.

*June 8, 2005 12 PM(June 7, 2005 to June 9, 2005) Ven Sqr Plu*

Forces within both of you which sabotage the closeness you could be experiencing come to the fore. You may touch upon some long standing or "hidden" problems which you have tried to ignore. If one or the other feels dominated or controlled, unloved or unappreciated - all of this may come up now. Passions and deep feelings of all kinds are intensified between you now.

*June 8, 2005 7 PM(June 8, 2005 to June 9, 2005) Merc Sqr Jup*

You are apt to have philosophical disagreements and/or to tell tall tales to one another... not lies, just exaggerations!

*June 8, 2005 10 PM(June 7, 2005 to June 9, 2005) Sun Trine Moon*

Unless other, stronger astrological energies are at play now in your relationship, this is a time of ease, well-being, and peace between you. If tensions or problems have dominated as of late, this will be a brief respite and a chance to reach some understanding.

A sobering or disheartening incident may make you reassess this relationship or question its value and long term viability. You may be feeling distant, be temporarily separated, or feel inhibited about reaching out and asking for what you want. Fortunately this should not last long.

*June 9, 2005 12 PM(June 8, 2005 to June 10, 2005) Ven Sxtil Mars*

You are attuned to one another romantically and sexually, and you seem to know just what would please and delight one another. Even if you are not lovers, there is a flow of warmth and pleasure between you so that you enjoy being together.

*June 10, 2005 6 AM(June 9, 2005 to June 11, 2005) Merc Trine Ura*

The tone is brisk, and intellectually stimulating. Lots of fresh, original ideas are flowing between you now, and you may want to write down some of these inspirations for later evaluation.

*June 12, 2005 12 AM(June 11, 2005 to June 13, 2005) Ven Qucnx Nep*

A vague feeling of dissatisfaction or confusion arises now. One of you feels you are sacrificing too much, or you just don't know where the other person is coming from. Check out your concerns and perceptions with one another because something you may be imagining about your partner is likely to be not quite true.

*June 12, 2005 2 AM(June 11, 2005 to June 13, 2005) Merc Sxtil Ven*

This is a pleasant, lighthearted time. Save the heavy subjects or deep emotional discussions for another day. Socializing, visiting friends, going shopping for fun, or some other bit of frivolity would be just right.

*June 12, 2005 11 PM(June 12, 2005 to June 13, 2005) Merc Sxtil Merc*

There is mental and intellectual compatibility between you now. Even if you usually disagree on any number of topics, you will find areas of harmony and agreement. Thus it is a good time for discussion, or just being together. Friends come into the picture as well.

*June 13, 2005 11 AM(June 12, 2005 to June 14, 2005) Merc Sxtil Sun*

There is a good flow of ideas and conversation now, and you certainly will not be bored as being in one another's presence stimulates you intellectually and mentally. The emphasis is on curiosity, exchanging thoughts, clarity, and understanding.

*June 14, 2005 5 AM(June 13, 2005 to June 15, 2005) Merc Sqr Plu*

This is a time to have a conversation about something you have both avoided in the past. One of you may confront the other with unsuspected grievances, acute but unwelcome observations, or some problem that has been brewing for some time. Even if somewhat difficult or heavy, your interaction can deepen your understanding and knowledge of one another tremendously.

*June 14, 2005 6 PM(June 14, 2005 to June 15, 2005) Merc Conj Sat*

You see one another's deficits and flaws very clearly now, as well as the problems or lacks in the relationship itself. You are also likely to be less open and communicative with one another at the moment. If you share practical responsibilities and duties, these will dominate your attention.

*June 14, 2005 8 PM(June 14, 2005 to June 15, 2005) Merc Sxtil Mars*

This is a good time to plan a joint work project, or to do something together that requires both brain and muscle. You are an effective team right now.

*June 15, 2005 6 PM(June 14, 2005 to June 16, 2005) Sun Sqr Jup*

You dream big dreams together right now, which may make you inspired for the future - or restless and discontented with your current circumstances. This is an excellent time to vacation together, especially in some far-off place. However, beware of any tendencies toward extravagance or gambling which the two of you will have to pay for later.

*June 16, 2005 10 AM(June 15, 2005 to June 17, 2005) Merc Qucnx Nep*

As a twosome, you are not likely to have very sound judgment or clear perceptions right now. Fantasies, illusions, even a seemingly innocent "white lie" can cloud the atmosphere between the two of you, and someone is apt to get rather confused.

Excitement is in the air between you. Together you enjoy experimenting, inventing something new, varying your routine. Even if you have not been together long enough to have established a routine or set patterns, you will enjoy expressing your eccentric, impulsive, or adventurous sides with one another.

*June 20, 2005 5 PM(June 19, 2005 to June 22, 2005) Mars Oppos Plu*

Beware of forcing issues or willfully getting your own way at your partner's expense, for you will encounter furious opposition that may damage your relationship. Naturally neither of you would admit that you are taking anything at your partner's expense, but if an argument erupts out of nowhere or seems very angry and out of proportion to the issue at hand, you might wish to investigate if indeed one or both of you is feeling used or slighted in this way.

*June 20, 2005 7 PM(June 20, 2005 to June 21, 2005) Merc Quinx Moon*

There is a rather edgy, restless quality between you now. It would be wise to watch what you say to or about one another, also, because you may reveal something too private or betray a confidence.

*June 22, 2005 6 AM(June 20, 2005 to June 23, 2005) Mars Sqr Sat*

You are rather tough on each other now, perhaps without intending to be. Each of you is more touchy, defensive or insecure, so skirmishes can erupt over seemingly trivial issues. Seeing the absurdity of your own reactions, and perhaps taking a little space can help.

*June 23, 2005 12 AM(June 21, 2005 to June 24, 2005) Sun Sxtil Ven*

Conviviality is featured now. This is a great time to spend just relaxing or having fun together, and you will want to include other friends or loved ones as well.

Affection flows freely. This is also a favorable time to work out differences or difficulties you have been having, as a spirit of cooperation permeates your interactions with one another at present.

*June 23, 2005 10 PM(June 23, 2005 to June 24, 2005) Ven Trine Jup*

Let the good times roll! The two of you put one another -and those around you as well -into an upbeat, exuberant, expansive frame of mind. All you really want to do when you are together now is to play or relax. Festive events and social gatherings are favored; work or serious matters are put on the back burner.

*June 24, 2005 5 PM(June 24, 2005 to June 25, 2005) Merc Trine Jup*

This is a wonderful time to travel together or to make plans to do so. Being with one another right now encourages you both to be more optimistic, forward-looking, and broad in your thinking. You help each other see the Big Picture.

If the two of you need to attend to any business matters, commercial negotiations, or joint projects, this is a good time. Communications are favored.

*June 25, 2005 11 PM(June 24, 2005 to June 27, 2005) Sun Sxtil Sun*

This is a good time for the two of you to be social together. Accept invitations, or extend them, join friends, neighbors or other groups you enjoy. If you are working together on a project, that too will go well. Cooperation and mutual encouragement are the tone of this time period.

*June 26, 2005 11 AM(June 25, 2005 to June 27, 2005) Ven Sqr Ura*

A restless mood and a yearning for something different comes over the two of you. Perhaps you will want to do something you have not done in a long time, like going roller-skating, or dancing, or to see an erotic film. If you are both open and willing to experiment, you have some exiting, even thrilling, moments.

*June 26, 2005 5 PM(June 26, 2005 to June 27, 2005) Merc Sqr Ura*

You stimulate, excite, and/or irritate one another intellectually now. Unexpected differences of opinion may arise which lead to a sudden change of plans or the reversal of an agreement you thought was certain. This is a brief fluctuation, however, so try to ride it through. Also, you both tend to thoughtlessly blurt things out which you may feel foolish about later.

*June 27, 2005 1 AM(June 25, 2005 to June 28, 2005) Mars Trine Nep*

A touch of magic! Your imaginations are activated and you could create something wonderful, unique, colorful. Play with and express the childlike, fanciful, foolish, or dreamer aspects of yourselves. Sometimes dreams do come true.

Spiritual energies are also activated now, so if the two of you are so inclined you could successfully work with one another in some way (such as channeling healing energies, doing visualizations, etc.) that draws upon those interests.

*June 27, 2005 12 PM(June 26, 2005 to June 28, 2005) Sun Sqr Plu*

There may be a "heavy" or intense encounter between the two of you at this time, or between the both of you and someone or something in your environment. You may see clearly something which has been operating subliminally or beneath the surface in your relationship. On a very practical, material level there may be breakdowns of machinery, or of something else that has been needing repair for some time.

*June 28, 2005 3 PM(June 27, 2005 to June 29, 2005) Sun Conj Sat*

The themes now are commitment, responsibilities, restrictions, loyalty, or obligations to one another. You will do what you have to - not necessarily what you would like to - do. This can mean anything from doing mundane chores to tackling a difficult, ongoing problem between the two of you. If you handle these matters fruitfully, it can put you on much firmer footing and increase your sense of commitment to one another.

*June 28, 2005 7 PM(June 27, 2005 to June 29, 2005) Sun Sxtil Mars*

You can accomplish a lot together right now. Hard work or strenuous physical play is favored. Being together puts both of you in a self-assertive mood, but not so much that you run over each other's desires or feelings. Actually you will be a strong force together at this time.

*June 29, 2005 8 AM(June 28, 2005 to June 30, 2005) Merc Sqr Ven*

This is a favorable time to discuss matters of the heart -what you both want, need, wish for, long for, delighting. You are flirtatious and playful, also.

*June 29, 2005 (June 21, 2005 to July 7, 2005) Sat Sqr Ura*

Duties, obligations, rules, restrictions, and "shoulds" weigh you down. One of you may rebel against the other's expectations or need for certainty. Avoid blaming or accusing the other of being your warden! The two of you are rather accident prone together during this period also, so be especially careful and attentive while driving.

*June 29, 2005 2 PM(June 28, 2005 to June 30, 2005) Ven Sqr Ven*

Disagreements about personal tastes and styles, some lack of consideration or thoughtfulness, or one of you wanting more attention and affection will lead to... kissing and making up! Or, it will lead to an awareness that you need to be doing things differently to please one another as well as yourselves.

*June 30, 2005 3 PM(June 29, 2005 to July 1, 2005) Merc Sqr Merc*

Your communication with each other takes on the quality of a ping-pong match: quick, lively, but not necessarily purposeful. You may spat about trivial matters, or go on and on about very little.

You may enjoy word games, playing cards, or similar activities now. Intellectual and mental energies are stimulated.

*July 1, 2005 2 AM(June 30, 2005 to July 2, 2005) Ven Sqr Merc*

You seek out amusement or entertainment that is just fun and which does not demand much

of you intellectually or emotionally. You also enjoy flirting or teasing one another in a friendly way. Some of these "jokes" or playful remarks contain quite a bit of truth about your thoughts and feelings towards each other, but you sweeten them with humor and affection.

*July 1, 2005 10 AM(June 30, 2005 to July 2, 2005) Merc Sqr Sun*

There is a sort of busy, quick, restless quality in the atmosphere between you now, and you could even get on one another's nerves a bit. Or, it could be mentally stimulating and fun, if a bit frenetic. It is not the best time to bring up a touchy subject, however, as you have a tendency to overstate yourselves or blurt out something you might regret.

*July 1, 2005 10 PM(July 1, 2005 to July 2, 2005) Ven Sqr Sun*

This is a time of lighthearted pleasure and you encourage one another to relax, feel good, maybe a bit self-indulgent. Romance flourishes.

*July 2, 2005 12 AM(June 30, 2005 to July 3, 2005) Sun Qucnx Nep*

Confusions, mix-ups, not showing up on time or at all, forgetting something significant, or just feeling a little fuzzy or spacey in each other's presence is likely now. Do your best not to let each other down or be unreliable toward one another right now.

*July 2, 2005 1 PM(July 1, 2005 to July 3, 2005) Merc Sxtil Plu*

The two of you play spy, detective, private investigator. You may find something lost, inadvertently uncover a secret, or get some inside information. A friend comes to you with a problem that requires discretion.

*July 3, 2005 3 AM(July 2, 2005 to July 4, 2005) Ven Sxtil Plu*

There is a magical attractiveness or feeling of "fate" between the two of you now. Lovemaking or any exchange between you is intense and potentially rejuvenating for your relationship.

*July 3, 2005 1 PM(July 2, 2005 to July 4, 2005) Merc Sqr Mars*

Nerves are edgy and tempers flare. You may feel inordinately irritated by the opinions and ideas expressed by your partner. What seems atrocious now, however, may well seem not worth fighting about later.

A hot game of tennis or some other one-on-one sport would be fine, as long as you leave the game behind when it is over. Apologize immediately for any rudeness toward one another.

Tensions in the sexual aspect of your relationship - perhaps due to differing interests, desires, preferences, or love styles - can cause some friction now. Most likely one of you is more ready than the other. Trying to balance the satisfaction of your own desires versus pleasing your partner is at issue here.

*July 5, 2005 (June 19, 2005 to July 15, 2005) Jup Sxtil Nep*

Spiritual optimism, spiritual openness, and a "willingness to suspend disbelief" set the tone for this time period. Occurrences of a miraculous, synchronistic, or angelic nature are drawn into your sphere. Spend at least part of your time together playing with your dreams and imaginations.

*July 6, 2005 4 AM(July 5, 2005 to July 7, 2005) Merc Trine Nep*

A shared flight of imagination brings pleasure: you could write a song together, discuss your latest psychic experiences, visit a tarot card reader, plan an exotic vacation, talk about your dreams. Spiritual topics or otherworldly tales fascinate you now. You may want to see a film that interests the idealistic, believing, hopeful sides of you.

*July 6, 2005 4 PM(July 5, 2005 to July 7, 2005) Ven Trine Nep*

This is a time of romantic imaginings and of escaping from the ordinary and prosaic. You may want to visit a beautiful church or an art gallery or some inspiring place in nature together. Make sweet harmonies together, gaze at the stars, open your hearts.

*July 9, 2005 3 AM(July 7, 2005 to July 10, 2005) Mars Sxtil Moon*

Being together at this time energizes you both and you bring out the warmth, desire and vitality within each other. Any vigorous activity - from lovemaking to a spirited game of basketball - will be good for you both.

*July 10, 2005 9 AM(July 9, 2005 to July 11, 2005) Sun Qucnx Moon*

Work, your individual goals and involvements, or a desire for some private time away from one another may be at odds with nurturing the relationship. One of you may feel shortchanged. Unless this is a persistent problem, it is best to just grin and bear it.

*July 13, 2005 6 AM(July 12, 2005 to July 14, 2005) Ven Oppos Moon*

Your hearts soften and melt toward one another now. Any hurt feelings you have harbored can be let go of now, and memories of your good times together sweeten the present. It is a time to remember what you liked and loved about one another to begin with, and to appreciate one another again. You want comfort, closeness, and tenderness more than passion from each other right now.

The two of you are nostalgic and in a sentimental frame of mind. Talking about your families, memories, hometowns, perhaps showing one another your photo albums or music collection can create a bond between you. If there are unresolved issues from your past together, these matters are likely to come up again - even if you think you have said and heard it all before.

*July 17, 2005 5 AM (July 16, 2005 to July 18, 2005) Sun Trine Jup*

This is a very positive time between the two of you. Shared optimism, enthusiasm, and an overall sense of well-being permeate your relationship. You are apt to be extraordinarily lucky together right now.

Adventures, important and beneficial encounters, and serendipitous events are very likely. It is also a good time to expand and invest in your relationship - for example, make a major purchase together.

*July 18, 2005 4 PM (July 17, 2005 to July 19, 2005) Ven Qucnx Jup*

You bring out in one another tendencies toward excessive spending, partying, or consuming. Too much of a good thing can cause mutual regret later.

*July 20, 2005 11 AM (July 19, 2005 to July 21, 2005) Sun Sqr Ura*

Excitement, surprises, or an unusual turn of events color your relationship now. Routines may be upset or plans go awry. You also seem to bring out the untamed side of one another, and one or the other of you may "act out" in an impulsive or reckless urge for freedom.

*July 21, 2005 6 AM (July 20, 2005 to July 22, 2005) Ven Sxtil Ura*

The two of you could start up a relationship with some new people. Follow your spontaneous impulses as they will lead you to new pleasures and vitality for your relationship. Music and movement play a role.

*July 24, 2005 10 AM (July 23, 2005 to July 25, 2005) Ven Trine Ven*

You are pleasantly at ease and flowing harmoniously together at the moment. You could attract something wonderful into your shared lives at this time - it is your "lucky day". The spirit of Eros, of love, is blessing you in some way.

*July 24, 2005 11 AM (July 23, 2005 to July 25, 2005) Sun Sqr Ven*

Although you may really want to be together or relax and enjoy yourselves right now, some sort of obstacle temporarily hinders this. Also beware of excesses and indulging yourselves in too much of a good thing.

*July 24, 2005 1 PM(July 22, 2005 to July 26, 2005) Mars Oppos Ura*

Bursts of temper, passion, excitement, or impatience flare up. You are acting erratically, impulsively, maybe even recklessly towards each other as well. This is not a time to plan a quiet, gentle, or passive experience, and even if you do decide to float lazily down a peaceful river, you are apt to capsize in your canoe! Sudden upsets or reversals are on the agenda. Thrill-seekers will find it exhilarating; certainly you will energize one another now.

*July 25, 2005 10 PM(July 25, 2005 to July 26, 2005) Ven Trine Merc*

This is the time to send one of those lusciously romantic or sentimental cards. Even better, write a love letter or song for your partner. At this time your relationship is enhanced through WORDS artfully or heartfully expressed. Speak or write about your appreciation, admiration, passion, or affection for one another.

*July 26, 2005 8 AM(July 25, 2005 to July 27, 2005) Sun Sqr Merc*

Expect lively conversation, which can lead to bickering or arguing for the sake of an argument. You may get on one another's nerves a bit, or simply be unreceptive to what the other person is trying to convey. A short trip will be fun as long as you do not disagree on who should do the driving.

*July 26, 2005 6 PM(July 25, 2005 to July 27, 2005) Ven Trine Sun*

Love is flowing and romance flourishes. Whatever you do together now will be beautiful, and beautifully received. If you have been neglecting each other or have some hurt feelings between you, this can be a day to bring love back into your relationship.

*July 27, 2005 10 AM(July 26, 2005 to July 28, 2005) Sun Sqr Sun*

Even if your relationship is basically sound, a challenge or crisis is apt to occur around this time. Your basic differences come out now, and can cause a sense of separateness or conflict. If you are harmonious most of the time, this will be relatively minor.

*July 28, 2005 9 PM(July 28, 2005 to July 29, 2005) Ven Sxtil Sat*

You get an opportunity to show loyalty, dependability, and that you want to be there for one another in foul weather as well as fair. It may seem like not much is happening, a humdrum kind of time. Can you enjoy each other even when there are no fireworks?

*July 28, 2005 11 PM(July 27, 2005 to July 30, 2005) Sun Sxtil Plu*

You are drawn to the mystery or secret depths of one another now. You may discover something about your partner you only glimpsed before. This can be a revitalizing time for the two of you. Certainly it will not be a superficial encounter.

*July 29, 2005 12 AM (July 28, 2005 to July 30, 2005) Ven Trine Mars*

Currents of warmth and magnetic attraction are flowing between you, and you respond lovingly and passionately to one another. Creativity is inspired, too, and you can make something or design something beautiful together. This is a wonderful time just to enjoy one another's presence.

*July 29, 2005 (July 21, 2005 to Aug 6, 2005) Sat Sqr Ven*

Your love for and commitment to one another is tested during this period. Fears and insecurities, wounded or scarred places within each of you that prevent you from opening fully to receiving and giving love, interference from others, feelings of being neglected or unappreciated, or the weight of previous allegiances and commitments are emerging, and must be dealt with. You may realize that you are serious about being together and decide to make a formal commitment to each other, but you may also recognize that fear is motivating you more than anything else.

If your bond is essentially healthy, it will endure this rather stressful time. If not, this may will be the final chapter in your relationship.

*July 30, 2005 6 AM (July 29, 2005 to July 31, 2005) Sun Sqr Mars*

You aggravate one another for no particular reason, and conflicts may erupt over rather minor issues. This is especially true if one or the other has the tendency to dominate or try to tell the other what to do or how to do it. Pushiness will back fire now. As long as the two of you are not cooped up together - say on a long car ride or in a small office space - battles can be avoided, if you give one another plenty of breathing room.

*July 30, 2005 1 PM (July 28, 2005 to Aug 1, 2005) Merc Oppos Moon*

This astrological influence (Merc Oppos Moon) also occurred on July 15, 2005 (peak date). Please refer to this date.

*July 31, 2005 1 AM (July 29, 2005 to Aug 1, 2005) Mars Conj Ven*

Hot romance! Passionate feeling and desires are kindled between you. This is a wonderful time to make love - certainly you will want to. Even if your relationship is not physical at this point, great warmth and mutual attraction makes this a day to remember.

*July 31, 2005 1 PM (July 30, 2005 to Aug 1, 2005) Ven Sqr Nep*

You are probably not seeing one another very realistically right now - nor do you want to. Erotic imagination, fantasy, and your wishes for love color your perceptions of one another and your relationship. If your partner does not fulfill your dreams or even have any interest in them, you may well be disenchanted.

*Aug 2, 2005 10 AM(Aug 1, 2005 to Aug 3, 2005) Sun Trine Nep*

You are very open and physically sensitive to one another at the moment, and can experience unusual extrasensory perception, or telepathy with one another. You are in a dreamy, imaginative space together. Perhaps you can take a long walk on the beach and tell one another your dreams.

*Aug 3, 2005 6 AM(Aug 1, 2005 to Aug 5, 2005) Mars Conj Merc*

Are you ready for a frank discussion?. You will not mince words with each other right now. Controversial topics or an adversarial attitude can heat up any conversation. At best, you can both lay your cards on the table and state your opinions very directly. The trouble is, neither of you is very good at LISTENING at the moment. Avoid arguments while driving.

*Aug 5, 2005 2 AM(Aug 3, 2005 to Aug 6, 2005) Mars Conj Sun*

Your interactions are infused with greater heat, vitality, and energy now, and if you are together you will not want to do anything passive, like watch television or sit and talk. You can accomplish a lot together at this time, as long as neither of you tries to override the other. In fact it is an excellent time to initiate a joint project. Passion and enthusiasm run high.

*Aug 7, 2005 5 AM(Aug 6, 2005 to Aug 8, 2005) Ven Qucnx Moon*

A mood of laziness, contentment, and self-satisfaction makes the two of you disinclined to do much of anything that requires effort. You are pleasantly self-indulgent together. Do not schedule any couples tennis or mountain climbing!

*Aug 7, 2005 7 PM(Aug 5, 2005 to Aug 9, 2005) Mars Qucnx Plu*

Unintentional roughness or forcefulness can create tension between you. You may break something or accidentally do damage if not careful. Be gentle with each other as well.

*Aug 9, 2005 7 PM(Aug 7, 2005 to Aug 11, 2005) Mars Sxtil Sat*

This is not a particularly glamorous or extraordinary time and could pass unnoticed, but it would be an excellent time to begin some regular regimen together, such as walking or running for fitness and for pleasure. Helping each other out with some chore is favored also.

*Aug 10, 2005 3 AM(Aug 8, 2005 to Aug 12, 2005) Mars Conj Mars*

The ways in which you work together and combine your energies to accomplish goals or create new things, as well as the extent to which you both feel free to express yourselves as individuals within the context of the relationship, are brought to the front now. If you basically have a positive affect upon one another and the potential to work well as a team, you

will be infused with great energy and drive to accomplish and achieve your goals. However, if your relationship has an undertone of competition or if there are some basic conflicts between you, expect these to heat up now.

*Aug 10, 2005 6 PM(Aug 9, 2005 to Aug 11, 2005) Sun Oppos Moon*

Whatever happens today serves to highlight the state of emotional affairs in your relationship. If you have been connecting deeply, if you both feel supported and close to one another, this intimacy is especially satisfying to you now. If not, tension over unspoken and unmet needs will arise. One of you is apt to feel more needy, dependent, or hungry for tenderness or understanding. Make attending to one another a priority.

*Aug 11, 2005 1 AM(Aug 9, 2005 to Aug 13, 2005) Merc Trine Nep*

A shared flight of imagination brings pleasure: you could write a song together, discuss your latest psychic experiences, visit a tarot card reader, plan an exotic vacation, talk about your dreams. Spiritual topics or otherworldly tales fascinate you now. You may want to see a film that interests the idealistic, believing, hopeful sides of you.

*Aug 12, 2005 (Aug 4, 2005 to Aug 20, 2005) Sat Sqr Merc*

At this time there is a tendency to criticize, judge, and find fault with one another's ideas. You may be less receptive and interested in one another's point of view, or simply unable to appreciate or understand it. There is a tendency to close down or cut off communication. Also you tend to focus on problems or potential problems. Although you may be telling yourself you are "just being realistic", you are probably being rather fearful or pessimistic instead. Try to maintain a sense of perspective: it may not be as bad as you are seeing it now.

*Aug 12, 2005 5 PM(Aug 11, 2005 to Aug 13, 2005) Ven Oppos Jup*

Good humor and a desire for fun prevails. Whatever you do together now, you will have a grand time doing it. You are inclined to live it up, enjoy the moment, and not consider consequences too much. Even so, you two are quite "lucky" together now.

*Aug 16, 2005 4 AM(Aug 14, 2005 to Aug 18, 2005) Mars Qucnx Nep*

Being together right now can make both of you more unfocused and scattered. You put one another in a peculiar mood, although this is so subtle you may barely notice it. Nevertheless, any sort of intoxicant that further decreases your ability to deal with reality should be avoided if you are together.

*Aug 17, 2005 1 PM(Aug 16, 2005 to Aug 18, 2005) Sun Qucnx Jup*

The two of you experience some minor inconveniences or injustices. At worst, you could have a run-in with the law over something you overlooked or were lazy about doing. This time may pass with no perceivable effects, however, as long as you do not get sloppy. There

is also a tendency to take one another and the good of your relationship for granted right now.

*Aug 18, 2005 12 PM(Aug 17, 2005 to Aug 19, 2005) Ven Qucnx Ven*

Disagreements arise now over personal tastes and styles, what each of you considers desirable or beautiful, how you show love or want to be loved. This will not be a direct confrontation most likely, more of a subtle sense that the other is missing something, not "getting it".

*Aug 20, 2005 1 AM(Aug 19, 2005 to Aug 21, 2005) Ven Qucnx Merc*

A minor social embarrassment or some awkwardness between the two of you occurs now. Someone inadvertently strikes a discordant note. As long as you can laugh at yourselves, you will be fine.

*Aug 20, 2005 (Aug 12, 2005 to Aug 28, 2005) Sat Sqr Sun*

Serious challenges to your relationship arise at this time. There may be heavy burdens or impediments which make it quite difficult for the two of you to be together. These may be external or logistical problems that seem to be conspiring to keep you apart - such as suddenly having to work longer hours and thus not having any time for one another. Or there may simply be a pronounced sense of distance, detachment, and separateness - walls and barriers between you. Indeed a temporary separation may be called for, or at least some serious reflection on the merits of being together.

Be aware that you are most likely looking at the worst in each other or in the relationship, which may blind you to what is still good. But if you see quite clearly that the relationship is not enhancing your lives, or that you are simply incompatible, or that past difficulties are not going to be resolved and put to rest, then this is the time to end it. Even if your relationship is a happy one, this is a period of testing.

*Aug 20, 2005 6 PM(Aug 19, 2005 to Aug 21, 2005) Sun Sxtil Ura*

Something new, unexpected, surprising, or unusual adds sparkle to your relationship now. The atmosphere between you is lively, spontaneous, open to novelty and discovery.

*Aug 20, 2005 9 PM(Aug 20, 2005 to Aug 21, 2005) Ven Qucnx Sun*

One of you is more in the mood for romance and affection than the other, or you are both feeling loving but schedules or other commitments interfere. Some kind of embarrassing situation, indiscretion, or inappropriate behavior can mar this time, so be as thoughtful and considerate of one another as possible.

*Aug 20, 2005 11 PM(Aug 18, 2005 to Aug 22, 2005) Merc Trine Nep*

*Aug 22, 2005 4 AM(Aug 21, 2005 to Aug 23, 2005) Ven Conj Plu*

You arouse deep feelings in one another now, and you may be triggering powerful energies within each other that neither of you entirely comprehends. You may feel passionate attraction or unreasonable jealousy or resentments. If you find yourself reacting strongly to something the other person does, or even just their voice or their presence, understand that it is much more than their present behavior that is getting to you. Any unresolved personal or emotional issues of your own are being stimulated, and any of the "dragons" in your relationship could be rearing their heads as well.

*Aug 23, 2005 1 AM(Aug 22, 2005 to Aug 24, 2005) Ven Sqr Sat*

You may be having some serious reservations about this relationship right now, perhaps because you are focusing on the lacks, flaws and least pleasing aspects of one another. Your mutual fears, insecurities and barriers to love and intimacy are up right now. Although unpleasant, it would be wise to take responsibility for your unhappiness rather than conveniently blaming the other. Temporarily pulling back and having some solitude may not be a bad idea.

*Aug 23, 2005 5 AM(Aug 22, 2005 to Aug 24, 2005) Ven Qucnx Mars*

Some subtle awkwardness or tension creeps into your relationship. Something just is not clicking between you right now, romantically or sexually. One of you may be missing the other's cues or inadvertently putting the other off.

*Aug 24, 2005 6 PM(Aug 23, 2005 to Aug 25, 2005) Sun Trine Ven*

Affection, harmony, and warm feelings flow between you now, and you give one another much pleasure. If you can not be together at this time, you will really miss each other. Sharing social, artistic, or cultural activities will be satisfying. You may create something even "lucky" together.

*Aug 25, 2005 7 PM(Aug 24, 2005 to Aug 26, 2005) Ven Sxtil Nep*

The emotional and energetic boundaries between the two of you soften, and you merge much more easily now. You are likely to be more understanding, forgiving, compassionate toward one another. Gestures like flowers, or an unselfish offer to relieve the other's burden in some way will be gladly accepted.

*Aug 26, 2005 2 PM(Aug 25, 2005 to Aug 27, 2005) Sun Trine Merc*

You flow together rather easily now, especially on a mental or intellectual level. This is a good time for you to talk, air things out, further your understanding of one another's ideas and beliefs. Going for a drive, to a movie, or on some other short outing is favored also.

*Aug 27, 2005 4 PM(Aug 26, 2005 to Aug 28, 2005) Sun Trine Sun*

This is a period of balance, equilibrium, and flow between you, and thus a favorable time for any joint endeavor or to just enjoy being together. Paying attention to what is good about one another and the relationship, perhaps giving a gift or some other form of love and recognition to your partner, will build a fund of goodwill and good feelings to draw upon during times of trouble. You are "lucky" together right now.

*Aug 28, 2005 4 PM(Aug 27, 2005 to Aug 29, 2005) Merc Oppos Moon*

The two of you are nostalgic and in a sentimental frame of mind. Talking about your families, memories, hometowns, perhaps showing one another your photo albums or music collection can create a bond between you. If there are unresolved issues from your past together, these matters are likely to come up again -even if you think you have said and heard it all before.

*Aug 30, 2005 7 AM(Aug 29, 2005 to Aug 31, 2005) Sun Sxtil Sat*

An atmosphere of clarity, realism, and objectivity exists between you right now. If there are problems that the two of you have been struggling with or avoiding, this is a good time to put things in order. Just working quietly together would be gratifying at present.

*Aug 30, 2005 (Aug 24, 2005 to Sep 4, 2005) Jup Trine Moon*

An increased sense of well-being, contentment, abundance and ease emerges in your relationship now. You are very tolerant, forgiving, even indulgent toward one another right now as well. Expect blessings, helpfulness, or gifts from your families or those people the two of you have helped in the past. If the two of you struggle with an ongoing problem, difficulties can be eased now by reaching out for help.

*Aug 30, 2005 11 AM(Aug 29, 2005 to Aug 31, 2005) Sun Trine Mars*

You energize and invigorate one another, and you are a "dynamic duo" right now. Confidence and a positive spirit runs high in one another's presence. Joint work projects are favored, as is any vigorous play.

*Sep 1, 2005 2 PM(Aug 31, 2005 to Sep 2, 2005) Ven Trine Moon*

You make sweet music together now. Emotional understanding, harmony, and cooperation flow between you, and anything you do together will work out splendidly. Parties and all sorts of festive events are favored, especially if they happen at home.

*Sep 1, 2005 7 PM(Sep 1, 2005 to Sep 2, 2005) Merc Qucnx Jup*

The two of you do not have very good judgment right now, especially in money matters. This is not a good time to make a joint purchase; avoid gambling, too!

*Sep 2, 2005 (Aug 24, 2005 to Sep 10, 2005) Sat Sxtil Plu*

At this time the two of you may decide to give up or temporarily forgo your usual pleasures or more superficial pursuits. Together you are more conservative with your resources, both financial and personal, and in terms of time and energy.

*Sep 2, 2005 3 PM(Sep 1, 2005 to Sep 3, 2005) Sun Sqr Nep*

Do all you can to avoid confusion, ambivalence, vagueness, or misunderstanding between you right now. At the same time, try to be forgiving of one another for lapses or mix-ups which do occur. The atmosphere between you is temporarily foggy and uncertain.

*Sep 3, 2005 1 PM(Sep 2, 2005 to Sep 4, 2005) Merc Sxtil Ura*

If you are together now, you are not as apt to be focusing on one another as on doing something exciting or out of the ordinary. You will both want to pursue new friends, fresh or unusual ideas, or a different social or cultural scene than you are accustomed to. There is also an increase in the mental telepathy between you.

*Sep 4, 2005 2 AM(Sep 1, 2005 to Sep 7, 2005) Mars Sqr Moon*

Impatience, irritability and hot fiery emotions fly between the two of you now. You may flare up at one another on what appears to be very minor provocation. Beware of indulging this tendency. You are probably not angry for the reason you think you are, and there may be a childishness or irritability to your bickering that will embarrass you later.

*Sep 5, 2005 3 PM(Sep 5, 2005 to Sep 6, 2005) Merc Trine Ven*

You bring out a lighthearted and pleasant mood in one another. A spontaneous small gift as loving note - something small and sweet - would be perfect. Loving words come easily -and mean a lot - right now.

*Sep 6, 2005 2 PM(Sep 6, 2005 to Sep 7, 2005) Merc Trine Merc*

New ideas and stimulating conversation flows. This is also a wonderful time to take a trip together, or at least to plan one.

*Sep 7, 2005 3 AM(Sep 6, 2005 to Sep 8, 2005) Ven Qucnx Jup*

You bring out in one another tendencies toward excessive spending, partying, or consuming. Too much of a good thing can cause mutual regret later.

Communication flows freely. You both feel open about expressing your ideas and are willing to hear the other's as well. If you are not physically together, you will want to be calling or visiting one another even more than usual.

*Sep 8, 2005 11 AM(Sep 7, 2005 to Sep 9, 2005) Merc Sxtil Sat*

This is a good time to air your concerns or minor grievances with one another, or to talk about changes you would like to make to improve your relationship. How money is spent, who pays for what, how much time you want to devote to being together, changing living arrangements, or other practical matters are likely to be emphasized now.

*Sep 8, 2005 1 PM(Sep 8, 2005 to Sep 9, 2005) Merc Trine Mars*

This is a good time to bring up something that may be difficult for you to talk about, and to state your point of view clearly and unambiguously. Expect a bit of intellectual bantering as well.

*Sep 9, 2005 7 PM(Sep 8, 2005 to Sep 10, 2005) Ven Conj Ura*

This is a time of romantic surprises and an urge for something adventurous in love. The "surprise" may be delightfully impulsive, or a sudden change of heart. Either way, it shakes you up a bit.

*Sep 10, 2005 3 AM(Sep 9, 2005 to Sep 11, 2005) Merc Sqr Nep*

Talking to one another now is apt to be confusing, bewildering, or just plain strange. It is likely that one or the other of you will entirely forget crucial pieces of information -or the entire conversation! Concrete plans are apt to go awry, for reasons unclear or unknown. Obviously this is not the time to make serious decisions, or to buy something you will both have to live with for some time to come. This is a fine time, however, to dream and imagine together, or to immerse yourselves in some fantasy - the theater or a film perhaps.

*Sep 10, 2005 8 PM(Sep 9, 2005 to Sep 11, 2005) Sun Qucnx Moon*

Work, your individual goals and involvements, or a desire for some private time away from one another may be at odds with nurturing the relationship. One of you may feel shortchanged. Unless this is a persistent problem, it is best to just grin and bear it.

*Sep 13, 2005 2 AM(Sep 12, 2005 to Sep 14, 2005) Ven Oppos Ven*

This is a very loving time, and can be tremendously heart opening and romantic. At the least, you will be cooperating well because your mutual desire for harmony and unity is so strong right now. You are also inclined to be somewhat frivolous, doing something just because it is beautiful, or feels wonderful, or you want to. The spirit of Eros permeates the atmosphere between you.

*Sep 13, 2005 (Sep 4, 2005 to Sep 23, 2005) Sat Sqr Mars*

This is a period of tension and contention between you, and areas most likely to be affected are your sexual relationship and your joint projects or work. A desire to control, and fear of allowing the other person to freely express themselves and be themselves are major factors.

Avoidance or withdrawing out of a fear of confrontation could further complicate matters, so it is important to deal with your problems as openly and directly as possible. Otherwise, there is apt to be a great deal of repressed anger and hostility floating around between you. Holding the other person down (whether through disapproval, making "rules", or some other method) is apt to back fire now.

Even in very good relationships, differences and conflicts arise so now is the time to work with them. An attitude of mutual respect is helpful!

*Sep 14, 2005 8 AM(Sep 13, 2005 to Sep 15, 2005) Merc Qucnx Moon*

There is a rather edgy, restless quality between you now. It would be wise to watch what you say to or about one another, also, because you may reveal something too private or betray a confidence.

*Sep 14, 2005 4 PM(Sep 13, 2005 to Sep 15, 2005) Ven Oppos Merc*

The two of you receive some pleasant news, enjoy something funny or uplifting, and find more to agree upon than to disagree about. This is a favorable time to sort out any misunderstandings between the two of you also. A tone of reasonableness, cooperation and receptivity to the other's point of view prevails.

*Sep 15, 2005 1 PM(Sep 14, 2005 to Sep 16, 2005) Ven Oppos Sun*

Openheartedness and affection permeate this time period, and a strong mutual attraction brings you together. Dress up!

*Sep 17, 2005 1 PM(Sep 16, 2005 to Sep 18, 2005) Sun Oppos Jup*

This is a positive time for the two of you, when people and outer circumstances seem to be on your side. Whatever comes your way now will give your relationship a boost. Together, the two of you are hopeful and forward-looking and it is an excellent time to make plans for your future. Travel is favored also.

*Sep 17, 2005 5 PM(Sep 16, 2005 to Sep 18, 2005) Ven Trine Sat*

Things are on an even keel between you right now. Though not necessarily wildly exciting or the stuff dreams are made of (unless you have some other astrological influence operating), being with one another is comforting, reassuring, stabilizing. Quiet pastimes are favored.

Conversations about your personal philosophies and understanding about life, your religious beliefs, and attitudes, or your personal dreams and aspirations for the future come up now. This is also a favorable time to travel or plan a vacation together.

*Sep 17, 2005 9 PM(Sep 17, 2005 to Sep 18, 2005) Ven Oppos Mars*

Cupid's arrows are flying! Warm amorous feelings are aroused between you and the physical attraction intensifies. The desire to please one another in love, to give as well as receive pleasure, makes lovemaking joyful. If your relationship is not a passionate one, you will still feel frisky and pleasantly stimulated by one another.

*Sep 21, 2005 3 PM(Sep 21, 2005 to Sep 22, 2005) Merc Qucnx Ven*

Do not allow a minor indiscretion or a few awkward moments mar your time together. Unless it is a persistent pattern, you may want to smile and look the other way if one of you behaves foolishly or says something socially inappropriate.

*Sep 22, 2005 3 PM(Sep 22, 2005 to Sep 23, 2005) Merc Qucnx Merc*

Communication is a little awkward or tense, even if you usually understand one another perfectly. Be forgiving of one another's social faux pas now.

*Sep 23, 2005 5 AM(Sep 22, 2005 to Sep 24, 2005) Merc Qucnx Sun*

Having to deal with last-minute details or mechanical problems, or red tape may interfere with your plans. Also communication between you is a little tense and one of you may say something that strikes a discordant note. Step back, breathe deeply, and keep a sense of humor.

*Sep 24, 2005 1 AM(Sep 23, 2005 to Sep 25, 2005) Merc Conj Plu*

Profound thoughts and probing conversation are on the agenda. You are both likely to express some strong opinions and convictions, but avoid trying to coerce the other person into accepting your views. You can reach new depths of your understanding of one another but you may also find yourselves in some shadowy territory. You may see an unsuspected secretive side to your partner, or share a secret.

*Sep 24, 2005 3 PM(Sep 24, 2005 to Sep 25, 2005) Merc Sqr Sat*

This can be a frustrating and very unsatisfying time, as far as communicating with one another goes. You can totally misread or misunderstand one another. You may be disinterested threatened, or resistant to what the other person is saying, or dislike how they are

saying it.

Positively, you could work to solve some difficult problem or engage in some tedious but necessary task together.

*Sep 24, 2005 3 PM(Sep 23, 2005 to Sep 25, 2005) Sun Qucnx Ven*

The personal goals, ambitions, or desires of one or both of you interferes with your relationship at present. One or the other is apt to be neglected or put aside. Or you may simply be out of sync with each other. As long as this is not a repeated theme in your relationship, just let it pass.

*Sep 24, 2005 6 PM(Sep 24, 2005 to Sep 25, 2005) Merc Qucnx Mars*

You tend to snap at one another or to blurt something very tactless and inadvertently hurtful. Minor accidents could occur, too, if extra care is not taken.

*Sep 26, 2005 11 AM(Sep 25, 2005 to Sep 27, 2005) Sun Qucnx Merc*

You get your wires crossed right now. You may not receive one another's messages, or may be unavailable when the other wants to connect. Expect minor irritations, which will quickly pass.

*Sep 26, 2005 1 PM(Sep 25, 2005 to Sep 27, 2005) Merc Sxtil Nep*

Being with one another now makes you both more open and sensitive to the nonrational, mysterious, supernatural, or miraculous aspects of life. Your psychic rapport with one another is heightened; amazing coincidences, or telepathic knowledge of one another is very likely. This is a good time to visit the ocean, lakeside, or your favorite contemplative spot together.

*Sep 27, 2005 12 PM(Sep 26, 2005 to Sep 28, 2005) Sun Qucnx Sun*

A subtle sense of tension, interference, or a feeling of being at odds with one another without anything in particular to pin that feeling on pervades your relationship now. Circumstances may also seem to conspire to prevent you from being together or doing what you wish to be doing with one another. Pay attention to any problems that arise between you now. You probably will not be able to directly work on them or resolve them at this point, regardless of your good intentions, but if you submerge or ignore them they will resurface in full force in about three months.

*Sep 27, 2005 1 PM(Sep 26, 2005 to Sep 28, 2005) Ven Sqr Moon*

The mood between you is soft, loving, understanding, supportive. The need for love is strong in one or both of you, perhaps more than you are comfortable with. A little reassurance goes a long way.

*Sep 29, 2005 12 AM(Sep 27, 2005 to Sep 30, 2005) Sun Conj Plu*

Whatever occurs between the two of you now will illuminate and bring into conscious awareness something that goes on all the time subliminally or behind-the-scenes. You may see one another's deeper motives and hidden agendas. Do you empower and reinforce one another? Do you ask directly for what you need or try to get it with subtle manipulation? Questions of personal power come into play here.

*Sep 30, 2005 1 AM(Sep 29, 2005 to Oct 1, 2005) Sun Sqr Sat*

This is a time when the demands, needs, or desires of one of you can feel restrictive or like too much of a sacrifice of personal time and energy to the other. A withdrawal, temporary separation, or reordering of priorities is likely. Beware of becoming paternalistic, burdening one another, or having expectations of one another that are not mutually agreed upon.

*Sep 30, 2005 6 AM(Sep 29, 2005 to Oct 1, 2005) Sun Qucnx Mars*

You tend to subtly irritate one another right now, resisting one another's suggestions and insisting on doing things your way. As long as neither of you attempts to dominate, this should not be too much of a problem, but any activity that requires close cooperation is not favored now.

*Oct 1, 2005 7 AM(Sep 30, 2005 to Oct 2, 2005) Merc Trine Moon*

You may want to visit "the old stamping grounds", go see family, or some way revisit the past together. There is a wonderful flow of understanding and sympathetic rapport between you; words may not be necessary.

*Oct 1, 2005 (Sep 26, 2005 to Oct 6, 2005) Jup Qucnx Jup*

Adjustments regarding your mutual aspirations, your hopes for the future, or your sense of where this relationship is headed are on the agenda now. A significant difference in your philosophies or your dreams may emerge, which gives you second thoughts about going forward together. Or, together you may have to endure a frustrating gap between where you are at present and where you want to be. Patience and prudence are called for, as well as a tolerant attitude toward your differences. Do not throw the baby out with the bath water.

*Oct 3, 2005 8 AM(Oct 2, 2005 to Oct 4, 2005) Ven Trine Jup*

Let the good times roll! The two of you put one another -and those around you as well -into an upbeat, exuberant, expansive frame of mind. All you really want to do when you are together now is to play or relax. Festive events and social gatherings are favored; work or serious matters are put on the back burner.

You are in a mellow and whimsical mood. This is a good time to listen to music together, go see a film, go to the theater, paint your bathroom lavender, give one another a relaxing massage, or share your dreams or fantasies with one another.

*Oct 5, 2005 8 AM(Oct 4, 2005 to Oct 6, 2005) Merc Qucnx Jup*

The two of you do not have very good judgment right now, especially in money matters. This is not a good time to make a joint purchase; avoid gambling, too!

*Oct 7, 2005 8 AM(Oct 6, 2005 to Oct 8, 2005) Merc Conj Ura*

You spark one another's intellectual or spiritual curiosity. Creative, original, inspired, and just plain off-the-wall ideas come through the two of you now. You may find the pace is a bit unnerving though, and you may have to deal with some unexpected occurrence if you are out together.

*Oct 9, 2005 12 PM(Oct 8, 2005 to Oct 10, 2005) Ven Qucnx Ven*

Disagreements arise now over personal tastes and styles, what each of you considers desirable or beautiful, how you show love or want to be loved. This will not be a direct confrontation most likely, more of a subtle sense that the other is missing something, not "getting it".

*Oct 9, 2005 7 PM(Oct 9, 2005 to Oct 10, 2005) Merc Oppos Ven*

There is a flirtatious, lighthearted, sweet tone between you at this time. Even if you do not usually express much love or sentiments verbally, this is a good time to do so. Send a love note, a card, or simply tell the other just what you appreciate about them.

*Oct 10, 2005 11 PM(Oct 10, 2005 to Oct 11, 2005) Merc Oppos Merc*

If the two of you have not talked in a while, this is the time to do it. Clear communication and reasonable thinking prevail. This is a favorable time for a short trip as well.

*Oct 11, 2005 4 AM(Oct 10, 2005 to Oct 12, 2005) Ven Qucnx Merc*

A minor social embarrassment or some awkwardness between the two of you occurs now. Someone inadvertently strikes a discordant note. As long as you can laugh at yourselves, you will be fine.

*Oct 11, 2005 10 AM(Oct 10, 2005 to Oct 12, 2005) Sun Trine Moon*

Unless other, stronger astrological energies are at play now in your relationship, this is a time of ease, well-being, and peace between you. If tensions or problems have dominated as of late, this will be a brief respite and a chance to reach some understanding.

*Oct 11, 2005 4 PM(Oct 10, 2005 to Oct 12, 2005) Merc Oppos Sun*

If you are not physically together right now, you will really want to reach out and connect in some way. You may call each other more frequently than usual, or feel you must visit one another even if only briefly. If you are in one another's company, you will not be able to sit still. A drive, walk, or other outing, along with lots of conversation, would be just right for you now.

*Oct 12, 2005 2 AM(Oct 11, 2005 to Oct 13, 2005) Ven Qucnx Sun*

One of you is more in the mood for romance and affection than the other, or you are both feeling loving but schedules or other commitments interfere. Some kind of embarrassing situation, indiscretion, or inappropriate behavior can mar this time, so be as thoughtful and considerate of one another as possible.

*Oct 13, 2005 8 AM(Oct 12, 2005 to Oct 14, 2005) Merc Trine Sat*

Topics under discussion now: money, investments, material security, practical realities and limitations and how they figure in to mutual wishes and desires. If your relationship is fairly new, keep your eyes and ears open to discover how the other person deals with or avoids adult responsibility.

*Oct 13, 2005 10 AM(Oct 12, 2005 to Oct 14, 2005) Ven Sxtil Plu*

There is a magical attractiveness or feeling of "fate" between the two of you now. Lovemaking or any exchange between you is intense and potentially rejuvenating for your relationship.

*Oct 13, 2005 11 AM(Oct 12, 2005 to Oct 14, 2005) Merc Oppos Mars*

Vigorous discussions, intellectual debates, or out-and-out verbal warfare are possible. Neither one of you is very conciliatory or in the mood for compromise at this time. Try to respect one another's opinions.

Going for a long auto trip - or otherwise being in a small space for a long time together - is NOT a good idea. You would bite each other's heads off - or want to!

*Oct 14, 2005 9 AM(Oct 13, 2005 to Oct 15, 2005) Ven Qucnx Sat*

You have difficulty connecting to one another right now, and either or both of you may want to separate or temporarily withdraw from the relationship. Fortunately this is apt to be short-lived if your relationship is essentially good. Use this time to clue yourselves in to what could be improved in your ways of relating to one another.

*Oct 14, 2005 1 PM(Oct 13, 2005 to Oct 15, 2005) Ven Qucnx Mars*

Some subtle awkwardness or tension creeps into your relationship. Something just is not clicking between you right now, romantically or sexually. One of you may be missing the other's cues or inadvertently putting the other off.

*Oct 16, 2005 (Oct 11, 2005 to Oct 20, 2005) Jup Conj Ura*

A spirit of discovery and spontaneous excitement flows through your relationship now. You may be drawn to becoming involved in a group or collective endeavor - anything from working on a political campaign, to setting up a web site to informing others of your services, or to joining with other UFO devotees! Unexpected, wonderful surprises can arise from these group interactions.

*Oct 17, 2005 9 AM(Oct 16, 2005 to Oct 18, 2005) Ven Conj Nep*

You can see the "angel" or soul of one another now, and your hearts open to each other in sympathy, compassion, or spiritual appreciation. The feeling between you is tender and sweet, not particularly passionate or earthy. Nevertheless, a romantic atmosphere - candles, music, pleasurable scents can lead to enchanting evenings.

*Oct 18, 2005 12 AM(Oct 17, 2005 to Oct 19, 2005) Sun Qucnx Jup*

The two of you experience some minor inconveniences or injustices. At worst, you could have a run-in with the law over something you overlooked or were lazy about doing. This time may pass with no perceivable effects, however, as long as you do not get sloppy. There is also a tendency to take one another and the good of your relationship for granted right now.

*Oct 18, 2005 (Sep 16, 2005 to Jan 12, 2006) Ura Sxtil Mars*

At this time you encourage one another to be bolder and to take more risks. You will not want to be passive or just sit and talk while you are together, either. Action, adventure, and slightly risky (or maybe very risky!) types of endeavors will appeal to you now.

*Oct 18, 2005 (Oct 4, 2005 to Nov 12, 2005) Sat Trine Nep*

This is a good time to begin actualizing or practically implementing some wish, dream, or ideas you have shared, giving a form to your inspiration. A deeper interest in spirituality may emerge as a result of your time together.

*Oct 21, 2005 3 AM(Oct 20, 2005 to Oct 22, 2005) Sun Conj Ura*

Something unexpected, unusual, surprising occurs between you now. You may experience something unexplainable, perhaps an uncanny synchronicity or coincidence. There is an electric atmosphere of spontaneity, uncertainty, or excitement between and around you now.

Words are backed up with a lot of emotion and feeling. This can be a good time to ventilate and air out some unspoken wishes, needs, or feelings. Recognize that you are talking about feelings and emotional realities, not necessarily facts. You could have a dispute over differing memories or interpretations of the same event.

*Oct 24, 2005 8 PM(Oct 23, 2005 to Oct 25, 2005) Ven Sxtil Moon*

It is family time, and being with young ones is favored. You may want to "adopt" others' youngsters for the day if you do not have any of your own. Or you may want to spend some time with a beloved pet. Visits with relatives go very smoothly also.

*Oct 24, 2005 11 PM(Oct 23, 2005 to Oct 25, 2005) Sun Oppos Ven*

You bring out the best in one another right now, and this can be a very happy time together. Your mutual affection and desire to be together is apt to override everything else for the moment. If romance has been missing between you, make this a special occasion. Find out what would delight your partner, and do that. You are both open to pleasing and being pleased.

*Oct 26, 2005 2 AM(Oct 25, 2005 to Oct 27, 2005) Merc Trine Jup*

This is a wonderful time to travel together or to make plans to do so. Being with one another right now encourages you both to be more optimistic, forward-looking, and broad in your thinking. You help each other see the Big Picture.

*Oct 26, 2005 7 PM(Oct 25, 2005 to Oct 27, 2005) Sun Oppos Merc*

Whatever you have going on together today, the pace will be lively. Discussions and negotiations are featured, and this is a fine time for the two of you to make plans or decisions together. You are thinking clearly and will help one another to make sound judgments.

*Oct 27, 2005 7 PM(Oct 26, 2005 to Oct 28, 2005) Sun Oppos Sun*

The ways in which you balance, complement, or differ from one another are accented now. Accepting and appreciating those differences is a good way to go. The awareness of yourselves as separate and unique individuals need not be problematic, but joint decisions or projects are not favored now. Neither of you is apt to give up your own wants for the sake of the relationship.

*Oct 28, 2005 (Sep 21, 2005 to Jan 7, 2006) Ura Trine Sat*

There is a good balance between discipline, security and commitment with wildness, discovery and freedom. Old "ruts" and patterns are relatively easy to change now, also.

*Oct 29, 2005 6 AM(Oct 26, 2005 to Nov 1, 2005) Mars Sqr Moon*

Impatience, irritability and hot fiery emotions fly between the two of you now. You may flare up at one another on what appears to be very minor provocation. Beware of indulging this tendency. You are probably not angry for the reason you think you are, and there may be a childishness or irritability to your bickering that will embarrass you later.

*Oct 30, 2005 8 AM(Oct 29, 2005 to Oct 31, 2005) Sun Trine Sat*

This is a good time for the two of you to undertake something that involves delaying gratification for some mutual long-range goal, perhaps making a joint financial investment or, if your relationship is new, getting to know one another by doing something very ordinary and mundane, like helping one another with chores or errands. An atmosphere of trustworthiness and stability is created between you.

*Oct 30, 2005 12 PM(Oct 29, 2005 to Oct 31, 2005) Sun Oppos Mars*

You are hot and feisty together. Vigorous, competitive play or other physical activities can be a positive way to release these energies, but conflict and confrontations are just as likely. If tempers begin to flare, back up and give one another some space. Most likely you are fighting over nothing more than an ego position.

*Oct 31, 2005 3 AM(Oct 30, 2005 to Nov 1, 2005) Ven Sqr Jup*

You put each other in the mood for a good time. Together the two of you are inclined to foolishly overdo or splurge on something you can't really afford. A mutual friend in need may be the beneficiary of your generosity but beware of lending, giving, or promising more than you should. You may want to give extravagantly to one another too.

*Oct 31, 2005 8 PM(Oct 30, 2005 to Nov 1, 2005) Merc Qucnx Ven*

will enjoy, go out to eat more often, frequent more expensive places and in general be more liberal with both money and affection. In fact, without a touch of prudence you may later regret having to pay for the pleasures you enjoy now. As a couple you will also be generous toward others which will create a lot of goodwill and good feelings all around. If there have been any unresolved problems in the relationship, you now have the opportunity to right matters and bring some healing into the relationship. You are willing to give one another pretty much whatever the other persons wants, including perhaps a bit more freedom or "space".

*Nov 3, 2005 4 AM(Nov 2, 2005 to Nov 4, 2005) Ven Sxtil Ura*

The two of you could start up a relationship with some new people. Follow your spontaneous impulses as they will lead you to new pleasures and vitality for your relationship. Music and movement play a role.

The two of you play spy, detective, private investigator. You may find something lost, inadvertently uncover a secret, or get some inside information. A friend comes to you with a problem that requires discretion.

*Nov 6, 2005 4 AM(Nov 5, 2005 to Nov 7, 2005) Merc Qucnx Sat*

You tend to miss one another's messages right now, both literally and figuratively. Beware of blaming one another for simple human error.

This is the time to send one of those lusciously romantic or sentimental cards. Even better, write a love letter or song for your partner. At this time your relationship is enhanced through WORDS artfully or heartfully expressed. Speak or write about your appreciation, admiration, passion, or affection for one another.

*Nov 9, 2005 10 PM(Nov 8, 2005 to Nov 10, 2005) Ven Trine Sun*

Love is flowing and romance flourishes. Whatever you do together now will be beautiful, and beautifully received. If you have been neglecting each other or have some hurt feelings between you, this can be a day to bring love back into your relationship.

*Nov 10, 2005 12 PM(Nov 9, 2005 to Nov 11, 2005) Sun Sqr Moon*

There is a definite tendency for one of you to unwittingly override the other's feelings, wishes, or unspoken needs, which can cause some tension between you. You may be somewhat at odds or out of touch with one another. However, if both of you will take responsibility for voicing your wishes, even if they seem rather childish or needy, your time together can be intimate and satisfying.

*Nov 11, 2005 (Nov 6, 2005 to Nov 15, 2005) Jup Oppos Merc*

The two of you are planning, imagining, and thinking BIG right now, and all sorts of possibilities open up before you. Together you are reaching further and aiming for more distant goals. You may spend a lot of time making happy plans, designing your future, or talking about places you would like to visit. Long journeys are favored now. Even if your relationship is not well enough established to be going on a long journey or making plans for your future, you will still help each other think more optimistically and open up the range of positive possibilities to one another.

A new study or interest one of you takes up may inspire the other to do the same.

*Nov 11, 2005 4 AM(Nov 9, 2005 to Nov 18, 2005) Merc Conj Nep*

Communication about practical, concrete matters is apt to be vague, unclear, inexact, or misunderstood. This is definitely not a time to make a major purchase or sign a lease together. On the positive side, however, you can freely express to one another your thoughts on philosophy, or your inner lives.

Make room for fantasy, poetry, wonder, and enchantment.

Forces within both of you which sabotage the closeness you could be experiencing come to the fore. You may touch upon some long standing or "hidden" problems which you have tried to ignore. The two of you may cool toward one another, withdraw, or be temporarily separated right now. Even if you are with each other, affection and intimacy may be lacking. Avoid criticizing or judging one another too harshly right now. Even if there are real problems or difficulties between you, you are probably seeing the worst in one another and focusing on what you don't like.

*Nov 12, 2005 7 PM(Nov 11, 2005 to Nov 13, 2005) Ven Trine Mars*

Currents of warmth and magnetic attraction are flowing between you, and you respond lovingly and passionately to one another. Creativity is inspired, too, and you can make something or design something beautiful together. This is a wonderful time just to enjoy one another's presence.

*Nov 15, 2005 (Nov 11, 2005 to Nov 20, 2005) Jup Oppos Sun*

The two of you are lucky charms for one another right now. Expect something wonderful to happen, be generous toward one another, and go with that intuitive hunch or inkling the two of you have been having. Almost anything you do together now will lead to success - and possibly to something much greater than even you can guess. A journey to some place neither of you has ever been before may open up great possibilities, too.

*Nov 17, 2005 12 AM(Nov 15, 2005 to Nov 17, 2005) Sun Trine Jup*

This is a very positive time between the two of you. Shared optimism, enthusiasm, and an overall sense of well-being permeate your relationship. You are apt to be extraordinarily lucky together right now.

Adventures, important and beneficial encounters, and serendipitous events are very likely. It is also a good time to expand and invest in your relationship - for example, make a major purchase together.

Being together right now can make both of you more unfocused and scattered. You put one another in a peculiar mood, although this is so subtle you may barely notice it. Nevertheless, any sort of intoxicant that further decreases your ability to deal with reality should be avoided if you are together.

The personal goals, ambitions, or desires of one or both of you interferes with your relationship at present. One or the other is apt to be neglected or put aside. Or you may simply be out of sync with each other. As long as this is not a repeated theme in your relationship, just let it pass.

*Nov 25, 2005 3 PM(Nov 24, 2005 to Nov 26, 2005) Sun Qucnx Merc*

*Nov 26, 2005 3 PM(Nov 25, 2005 to Nov 27, 2005) Sun Qucnx Sun*

A subtle sense of tension, interference, or a feeling of being at odds with one another without anything in particular to pin that feeling on pervades your relationship now. Circumstances may also seem to conspire to prevent you from being together or doing what you wish to be doing with one another. Pay attention to any problems that arise between you now. You probably will not be able to directly work on them or resolve them at this point, regardless of your good intentions, but if you submerge or ignore them they will resurface in full force in about three months.

*Nov 27, 2005 (Nov 23, 2005 to Dec 2, 2005) Jup Trine Sat*

Cautious optimism is an undertone now. There is a good balance between practicality, realism, everyday concerns, and future-oriented dreams and ambitions. You make sound joint decisions, therefore.

*Nov 28, 2005 2 AM(Nov 27, 2005 to Nov 29, 2005) Sun Sxtil Plu*

You are drawn to the mystery or secret depths of one another now. You may discover something about your partner you only glimpsed before. This can be a revitalizing time for the two of you. Certainly it will not be a superficial encounter.

*Nov 28, 2005 (Nov 23, 2005 to Dec 3, 2005) Jup Oppos Mars*

Exuberance, high hopes, and abundant positive energy infuses your relationship now. Being with one another tends to make you feel good about yourselves, and more confident about what you can do and achieve. You will want to do everything on a grander scale, and start living your dreams (if you are not already).

This is also a fine time to engage in any physical or outdoor activity, although you tend to become a bit over confident or overzealous. You might be tempted, for instance, to go for the most challenging white water rafting excursion, even if you have not such experience. This kind of foolishness can get the two of you in some trouble, but overall whatever you do should work out very well at present.

*Nov 29, 2005 3 AM(Nov 28, 2005 to Nov 30, 2005) Sun Qucnx Sat*

Frustration, doubts, or feeling rather disconnected from one another colors this time period. Small problems may seem more serious than they are, and issues that do not have immediate, clear solutions may arise. Forbearance, patience, and a gentle approach are called for.

*Nov 29, 2005 7 AM(Nov 28, 2005 to Nov 30, 2005) Sun Qucnx Mars*

You tend to subtly irritate one another right now, resisting one another's suggestions and insisting on doing things your way. As long as neither of you attempts to dominate, this

should not be too much of a problem, but any activity that requires close cooperation is not favored now.

*Dec 2, 2005 8 AM(Dec 1, 2005 to Dec 3, 2005) Sun Conj Nep*

Rigid boundaries soften and may disappear altogether between the two of you. You are more psychically sensitive and compassionate toward one another. You are on a high together. If either, or both, of you has problems with alcohol, drugs, or escapism, this could be detrimental. Beware of indulging. Otherwise, let your imagination and fantasies play.

*Dec 4, 2005 12 PM(Nov 30, 2005 to Dec 7, 2005) merc trine jup*

This is a wonderful time to travel together or to make plans to do so. Being with one another right now encourages you both to be more optimistic, forward-looking, and broad in your thinking. You help each other see the Big Picture.

*Dec 4, 2005 (Sep 21, 2005 to Jan 7, 2006) Ura Trine Sat*

There is a good balance between discipline, security and commitment with wildness, discovery and freedom. Old "ruts" and patterns are relatively easy to change now, also.

*Dec 4, 2005 6 PM(Dec 3, 2005 to Dec 6, 2005) Ven Sxtil Jup*

The two of you are feeling playful and fun-loving together, so just about anything you do will be pleasant. Your good feelings are infectious and other people will want to be around you so it is a good time for company or going out together. A surprise gift from one of you to the other is likely too.

*Dec 10, 2005 4 AM(Dec 9, 2005 to Dec 11, 2005) Sun Sxtil Moon*

This is a good time for the two of you to join friends or relatives in their homes, or to invite others to yours. You are in sync with one another and cooperate easily without a lot needing to be said. If children are a part of your life, they will bring something valuable into the scene.

*Dec 10, 2005 8 AM(Dec 8, 2005 to Dec 12, 2005) Ven Sqr Ura*

A restless mood and a yearning for something different comes over the two of you. Perhaps you will want to do something you have not done in a long time, like going roller-skating, or dancing, or to see an erotic film. If you are both open and willing to experiment, you have some exiting, even thrilling, moments.

*Dec 14, 2005 (Sep 16, 2005 to Jan 12, 2006) Ura Sxtil Mars*

At this time you encourage one another to be bolder and to take more risks. You will not want to be passive or just sit and talk while you are together, either. Action, adventure, and slightly

You dream big dreams together right now, which may make you inspired for the future - or restless and discontented with your current circumstances. This is an excellent time to vacation together, especially in some far-off place. However, beware of any tendencies toward extravagance or gambling which the two of you will have to pay for later.

*Dec 18, 2005 11 PM(Dec 18, 2005 to Dec 19, 2005) Merc Qucnx Mars*

You tend to snap at one another or to blurt something very tactless and inadvertently hurtful. Minor accidents could occur, too, if extra care is not taken.

*Dec 19, 2005 3 PM(Dec 18, 2005 to Dec 20, 2005) Sun Sxtil Ura*

Something new, unexpected, surprising, or unusual adds sparkle to your relationship now. The atmosphere between you is lively, spontaneous, open to novelty and discovery.

*Dec 21, 2005 6 AM(Dec 20, 2005 to Dec 22, 2005) Merc Conj Nep*

Communication about practical, concrete matters is apt to be vague, unclear, inexact, or misunderstood. This is definitely not a time to make a major purchase or sign a lease together. On the positive side, however, you can freely express to one another your thoughts on philosophy, or your inner lives.

Make room for fantasy, poetry, wonder, and enchantment.

*Dec 23, 2005 9 AM(Dec 22, 2005 to Dec 24, 2005) Sun Trine Ven*

Affection, harmony, and warm feelings flow between you now, and you give one another much pleasure. If you can not be together at this time, you will really miss each other. Sharing social, artistic, or cultural activities will be satisfying. You may create something even "lucky" together.

*Dec 24, 2005 12 PM(Dec 17, 2005 to Dec 30, 2005) ven sqr ven*

Disagreements about personal tastes and styles, some lack of consideration or thoughtfulness, or one of you wanting more attention and affection will lead to... kissing and making up! Or, it will lead to an awareness that you need to be doing things differently to please one another as well as yourselves.

*Dec 25, 2005 4 AM(Dec 24, 2005 to Dec 26, 2005) Sun Trine Merc*

You flow together rather easily now, especially on a mental or intellectual level. This is a good time for you to talk, air things out, further your understanding of one another's ideas and beliefs. Going for a drive, to a movie, or on some other short outing is favored also.

*Dec 26, 2005 4 AM(Dec 25, 2005 to Dec 27, 2005) Sun Trine Sun*

This is a period of balance, equilibrium, and flow between you, and thus a favorable time for any joint endeavor or to just enjoy being together. Paying attention to what is good about one another and the relationship, perhaps giving a gift or some other form of love and recognition to your partner, will build a fund of goodwill and good feelings to draw upon during times of trouble. You are "lucky" together right now.

*Dec 26, 2005 10 PM(Dec 26, 2005 to Dec 27, 2005) Merc Sxtil Moon*

This is a good time to introduce one another to old friends or to your family, to plan a trip home, or to share personal memories and stories with one another. You understand and sympathize with one another and can gain a new clarity about each other's emotional make up.

This is a good time to begin actualizing or practically implementing some wish, dream, or ideas you have shared, giving a form to your inspiration. A deeper interest in spirituality may emerge as a result of your time together.

*Dec 27, 2005 (Nov 30, 2005 to Jan 25, 2006) Plu Sqr Jup*

Your shared goals and aspirations are intensified now, and you bring out the ambitious nature in one another. There is a danger that you could overextend yourselves in some way, due to over-confidence, greed, or simply getting carried away.

*Dec 27, 2005 3 PM(Dec 26, 2005 to Dec 28, 2005) Sun Sqr Plu*

There may be a "heavy" or intense encounter between the two of you at this time, or between the both of you and someone or something in your environment. You may see clearly something which has been operating subliminally or beneath the surface in your relationship. On a very practical, material level there may be breakdowns of machinery, or of something else that has been needing repair for some time.

*Dec 28, 2005 6 AM(Dec 22, 2005 to Jan 1, 2006) Mars Qucnx Nep*

If you are together now, you are not as apt to be focusing on one another as on doing something exciting or out of the ordinary. You will both want to pursue new friends, fresh or unusual ideas, or a different social or cultural scene than you are accustomed to. There is also an increase in the mental telepathy between you.

*Jan 4, 2006 11 PM(Jan 4, 2006 to Jan 5, 2006) Merc Trine Ven*

You bring out a lighthearted and pleasant mood in one another. A spontaneous small gift as loving note - something small and sweet - would be perfect. Loving words come easily -and mean a lot - right now.

*Jan 6, 2006 4 AM(Jan 5, 2006 to Jan 7, 2006) Merc Trine Merc*

New ideas and stimulating conversation flows. This is also a wonderful time to take a trip together, or at least to plan one.

*Jan 6, 2006 8 PM(Jan 6, 2006 to Jan 7, 2006) Merc Trine Sun*

Communication flows freely. You both feel open about expressing your ideas and are willing to hear the other's as well. If you are not physically together, you will want to be calling or visiting one another even more than usual.

*Jan 6, 2006 8 PM(Jan 4, 2006 to Jan 8, 2006) Ven Sqr Ura*

A restless mood and a yearning for something different comes over the two of you. Perhaps you will want to do something you have not done in a long time, like going roller-skating, or dancing, or to see an erotic film. If you are both open and willing to experiment, you have some exiting, even thrilling, moments.

*Jan 7, 2006 7 PM(Jan 7, 2006 to Jan 8, 2006) Merc Sqr Plu*

This is a time to have a conversation about something you have both avoided in the past. One of you may confront the other with unsuspected grievances, acute but unwelcome observations, or some problem that has been brewing for some time. Even if somewhat difficult or heavy, your interaction can deepen your understanding and knowledge of one another tremendously.

*Jan 8, 2006 11 AM(Jan 7, 2006 to Jan 9, 2006) Merc Oppos Sat*

This is a good time to bring up something that may be difficult for you to talk about, and to state your point of view clearly and unambiguously. Expect a bit of intellectual bantering as well.

*Jan 12, 2006 7 AM (Jan 10, 2006 to Jan 13, 2006) Ven Sxtil Jup*

The two of you are feeling playful and fun-loving together, so just about anything you do will be pleasant. Your good feelings are infectious and other people will want to be around you so it is a good time for company or going out together. A surprise gift from one of you to the other is likely too.

*Jan 15, 2006 1 AM (Jan 14, 2006 to Jan 16, 2006) Sun Sxtil Jup*

Expect a stroke of good fortune - such as being supplied with tickets to a concert that was sold out months ago, being offered an opportunity from someone you both respect, or having a bid accepted on a joint purchase you both want very much. This is also a good time for the two of you to circulate, attend social or cultural events, and be with people.

*Jan 18, 2006 2 AM (Jan 17, 2006 to Jan 19, 2006) Sun Sqr Ura*

Excitement, surprises, or an unusual turn of events color your relationship now. Routines may be upset or plans go awry. You also seem to bring out the untamed side of one another, and one or the other of you may "act out" in an impulsive or reckless urge for freedom.

*Jan 19, 2006 4 PM (Jan 19, 2006 to Jan 20, 2006) Merc Sxtil Jup*

Talk turns to philosophical speculations, dreams for the future, and mutual aspirations. You help one another to see the big picture right now so petty immediate problems do not seem so important. This is a good time to see a comedy and to share humor.

*Jan 21, 2006 1 PM (Jan 20, 2006 to Jan 22, 2006) Merc Sqr Ura*

You stimulate, excite, and/or irritate one another intellectually now. Unexpected differences of opinion may arise which lead to a sudden change of plans or the reversal of an agreement you thought was certain. This is a brief fluctuation, however, so try to ride it through. Also, you both tend to thoughtlessly blurt things out which you may feel foolish about later.
